Dr. Lisa Armour, Vice President for Assessment, Research, and Technology, will discuss the strategic plan.

College Goal: Outreach and Access - Identify, assess, and meet community needs to promote open access to the College

Community Education "Enrich" Brochure for Summer 2017 and
Continuing Workforce Education "Enhance" Brochure for Summer 2017

Information Item
415.168, 16-17

In accordance with Rule 7.11, the president is authorized to approve fees for Community Education courses and programs. Total fees collected must be equal to at least 100% of the total costs of the Community Education course or program within the fiscal year. A draft of the Community Education brochure entitled "Enrich!" containing the list of courses/programs and associated fees was reviewed and approved by the president at the April 10, 2017, Cabinet meeting and is provided for reporting to the board. Changes may be made as needed.

In accordance with Rule 7.11, the president is authorized to approve fees for Continuing Workforce Education (CWE). Total fees collected must fully support the expenditure of the CWE program within the fiscal year. A draft of the CWE brochure ("Enhance") containing the list of courses/programs and associated fees was reviewed and approved by the president at the April 10, 2017, Cabinet meeting and is provided for reporting to the board. Changes may be made as needed.

Amended Rule 2.12: Prohibition Against Fraudulent, Dishonest or
Improper Acts

Information Item
410.532, 16-17

The College proposes the amendment to Rule 2.12 in response to the most recent operational audit. The auditors suggested that the College should enhance policies and procedures for reporting known or suspected fraud to allow employees or others to anonymously report rule violations and known or suspected fraud. The auditors also recommended that the College should establish a process requiring any instances of known or suspected fraud related to the actions of College management be communicated and reported to the Board and College legal counsel. These changes were adopted along with several other clarifications as set forth in the proposed rule.

Textbook Affordability Compliance Report for Spring 2017
Semester

Information Item
100.28, 16-17

The 2016 legislative session created new accountabilities for FCS governing boards in the area of textbooks and instructional materials. Specifically, the Board is required to submit a report on textbook costs to the Chancellor of the FCS by Sept. 30. The Provost presented the report to the Board in September of 2016 and the report was sent to the Chancellor. The legislation specifically requires that the college identify general education courses with high variability in the cost of course materials and bring this information to the chairs for action.

The current item is a required Board update on textbook prices and variability for spring term 2017.

Colonel Harry M. Hatcher, Jr., Property Survey 17-07

200.900, 16-17

Below and on the attached pages are requests from the various custodians to remove property from their inventory for the reasons indicated. The College has a Property Survey Committee composed of representatives from around the College who review the departmental requests before they are presented to the board for approval.

The Property Survey Committee met via email on March 21, 2017 to consider departmental requests to be relieved from inventory accountability. The committee members approved the following requests to remove the items listed below from the active property control inventory records. A detailed list of all items from each category is attached.

Category	Number of Items	Original Cost or Value Items > \$5,000 to be Removed from Inventory and Financial Records	Depreciation of Items > \$5,000	Total Book Value Items to be Removed from Inventory and Financial Records

T Building Remodel & Expansion – Phase III Documents and
Guaranteed Maximum Price

412.1146, 16-17

Project Background & Description:

The Santa Fe Police Department (SFPD) is currently housed in Building T, located just south of North Road on the Northwest Campus. The 1,640 SF structure, constructed in 1974, originally served as the college's bus shelter. Today it houses the police dispatch center, office and meeting space, and secure storage for evidence and equipment for a twenty-seven person police department that operates 24 hours a day, seven days a week, and 365 days a year. In times of crisis, the building also serves as the emergency operations center (EOC) for the college. The building is significantly undersized and its infrastructure is inadequate to support the current operations of the SFPD.

This project involves the design and construction of a 1,720 SF addition to the south side of the building as well as renovation and remodel of 1,640 SF of the existing facility. In addition to providing adequate space for the SFPD to function, this project will include safety enhancements for the security of employees, upgrades to electrical and communications infrastructure, corrections for interior flooding issues, and improvements to site drainage. All of these enhancements will support the day-to-day and emergency operations of the SFPD and will assist in earning accreditation through the International Association of Campus Law Enforcement Administrators (IACLEA).

The College initially allocated \$250,000 in FY 2015-16 for the renovation of the existing building and planned to utilize PECO general maintenance funds to improve the electrical infrastructure. Through the design process the extent of the need was fully identified and an additional \$500,000 was allocated to this project in the FY2016-17 operating and capital outlay budget process. In October 2016, the Board approved a total project budget of \$1,075,000.

Architect/Engineer:	Kail Partners, LLC
Contractor/Construction Manager:	D.E. Scorpio Corporation
Florida Building Code Inspector:	In-house
Board Approved Project Budget:	\$1,075,000.00
Source of Funds:	PECO, Other local funds

Project Status:

College staff reviewed the 100% construction drawings & project manual (phase III documents) for this project, oversaw the construction manager's competitive bidding of all trade packages, and negotiated a guaranteed maximum price (GMP) in the amount of \$933,935. Staff is requesting the Board approve the Phase III documents and GMP.

Board Action(s) Requested

- A. Approval of phase III construction documents.**
- B. Approval of guaranteed maximum price of \$933,935.**

College Goal: Resources - Develop, obtain, and allocate the necessary resources to implement the college's mission

Blount Center Expansion – Budget and Permission to Advertise
for Architectural Services

412.1147, 16-17

Project Background & Description:

This project involves the design and construction of a new 86,311 GSF building on the site of the current Center for Innovation & Economic Development at Santa Fe's Blount Center campus in downtown Gainesville in accordance with the College's most recent master plan, educational plant survey, and capital improvement program (CIP). The new facility will house vocational classroom and laboratory spaces to meet existing and anticipated enrollment growth from Information Technology Education and Business Programs as well as general education classes, and it will provide modern, innovative spaces for our students and incubating businesses. The new building will also include a full slate of support spaces including study and library spaces, meeting and exhibition spaces, student enrollment services as well as faculty office spaces allowing the Blount Center to become a full service campus.

In July 2016, the legislature appropriated \$2,563,712 in Public Education Capital Outlay (PECO) funding for the design services of this project. Working with one of the College's annual contract architects, a planning group began conceptual planning and programming for the new facility in December 2016.

Architect/Engineer:	TBD
Contractor/Construction Manager:	TBD
Florida Building Code Inspector:	In-house
Estimated Project Budget:\$	32,531,029
Source of Funds:	PECO, Other local funds

Project Status:

In anticipation of additional PECO allocations college staff requests the Board approve a budget for this project in the amount \$32,531,029 based the CIP legislative budget request. College staff also requests permission to advertise, select, and negotiate a contract for architectural services based on procedures defined in Florida Statutes.

Board Action(s) Requested

- A. Approval of the project budget in the amount of \$32,531,029.**
- B. Permission to advertise, select, and negotiate a contract with an architectural firm for design services.**

College Goal: Resources - Develop, obtain, and allocate the necessary resources to implement the college's mission

S Building 3rd Floor Remodel for Student International Center–
Budget Approval

412.1148, 16-17

Project Background & Description:

This project involves the design and remodel of 5,300 square feet on the 3rd floor of S Building to create a Student International Center. This center will better serve our students by co-locating four programs which support the College's International Education Initiative. These programs include the International Education Office, English as a Second Language, International Student Services, and the Multicultural Student Center which are currently scattered across the NW Campus in four separate buildings. This project will make better use of underutilized space on the east side of the 3rd floor of S Building including excessive corridor space. It will also ease overcrowding on the 1st floors of R and S Buildings, and will make available the west end of I Building, which is much needed for an additional Natural Sciences lab.

Architect/Engineer:	Walker Architects, Inc.
Contractor/Construction Manager:	D.E. Scorpio Corporation
Florida Building Code Inspector:	In-house
Estimated Project Budget:	\$ 975,000
Source of Funds:	Other local funds and Capital Improvement Fee

Project Status:

College staff has developed the project budget based on conceptual drawings from the architect and construction estimates from the construction manager and are requesting approval of the budget in the amount of \$975,000.

Board Action(s) Requested

Approval of the project budget in the amount of \$975,000.

Nonstudent International Travel

101.126, 16-17

The College is committed to international and intercultural education and globalization efforts. International education is an integral component of the College's mission, and the College seeks to create an environment where teaching and learning is augmented and enhanced by international study for faculty and by student-centered educational opportunities that prepare students for successful participation in the global community. International travel is just one of the ways in which the College's mission for international education is accomplished.

All international travel is subject to the rules and requirements stated in the existing rules, regulations, and guidelines. As the College is now increasing its international travel it has been determined that it would be a best practice for the board to have final approval of all recommended international travel, regardless of funding source or destination.

The College is seeking permission to allow the following to participate in international travel opportunities in the coming months:

Dr. Vilma Fuentes travel to Cartagena, Colombia June 26-30, 2017*

Dr. Vilma Fuentes, Assistant Vice President for Academic Affairs, will travel to Cartagena, Colombia in order to begin a collaboration with the *Servicio Nacional de Aprendizaje*, SENA (National Learning Service Center) in that city. The director of the SENA Center in Cartagena came to Santa Fe in September of 2016 as part of the U.S. Department of State-funded Community College Administrator Program for South America. Subsequently, Santa Fe College and the SENA Center in Cartagena submitted a joint proposal for a 100,000 Strong in the Americas grant that has just been recommended for funding. Dr. Fuentes is the grant project director. The proposed travel will allow SF faculty and administrators to begin planning the details of the online collaboration and student exchange program that was proposed as part of the 100,000 strong in the Americas grant. Vilma Fuentes will be flying directly into Cartagena. All transportation in this city will be provided by SENA and take place in the company of SENA staff. A travel warning currently exists for Colombia cautioning travelers to avoid rural areas or intra-city travel. Vilma Fuentes will engage in neither. The travel warning states that security in Cartagena and other major cities in Colombia has improved significantly in recent years and that U.S. government officials travel regularly to major cities in Colombia.

Jorge Ibáñez travel to Cartagena, Colombia June 26-30, 2017*

Jorge Ibáñez, the director of the Information Technology Department, will travel to Cartagena, Colombia in order to begin a collaboration with the Information Technology department in the *Servicio Nacional de Aprendizaje*, SENA (National Learning Service Center) in that city. The director of the SENA Center in Cartagena came to Santa Fe in September of 2016 as part of the U.S. Department of State-funded Community College Administrator Program for South America. Subsequently, Santa Fe College and the SENA Center in Cartagena submitted a joint proposal for a 100,000 Strong in the Americas grant which has just been approved for funding. Lisa Ciardulli travel to São Paulo, Brazil in May 10-20, 2017*

Lisa Ciardulli, Assistant Vice President for Academic Affairs, will visit the *Universidade Estadual Paulista “Julio de Mesquita Filho”* (UNESP) in São Paulo in order to engage professionals there in a rich discussion about how to promote faculty professional development, how to ensure high quality online education, and how to increase the accessibility of these distance education programs. She will provide guest lectures, contribute to classroom discussions, and help deepen the collaboration between Santa Fe and UNESP. All transportation in Brazil will take place by bus or chartered vehicle, usually in the company of UNESP staff. No travel alert or warning has been issued for Brazil. This travel will be funded with matching funds from UNESP and the International Education Office.

Claudia Connelly travel to Sweden, May 14-22, 2017*

Claudia Connelly, the coordinator of Santa Fe College’s Disabilities Resource Center, will travel to Orebro and Stockholm, Sweden to determine the accessibility of a faculty-led study abroad program. The program to Sweden was approved by the District Board of Trustees on September 20, 2016. Claudia Connelly’s participation in this trip will help the college determine the suitability of this international educational program for students with disabilities. All transportation in Sweden will occur by train or bus. No travel alert or warning has been issued for Sweden.

* These are tentative travel dates. Tickets have yet to be purchased, and the departure and arrival dates will be contingent on securing the best travel rates.

Educational Equity Act Report for 2015-2016

400.636, 16-17

The college is required to submit an annual equity report to the Florida Department of Education. This report reflects on both student and employee measurements regarding representation of minority populations and includes analysis of historical data to assess trends and measure whether the college has met internal goals. Student enrollment, retention, completions, and strategies for increasing rates for those markers for underrepresented populations is included. For employees, 2015-2016 employment numbers for Executive and Managerial staff, full time faculty, and achievement of continuing contract are compared to previous years' data. Additionally, college policies related to harassment and discrimination, gender equity in athletics, course substitutions for students with disabilities, and feedback regarding evaluations of the president were reviewed.

Memorandum of Understanding with the Monroe County
Education Foundation

408.2308, 16-17

The Monroe County Educational Foundation has approached Santa Fe College about creating an agreement to encourage their counties Take Stock in Children (TSIC) scholarship recipients to enroll at Santa Fe College to earn an Associate's degree right after high school graduation.

Monroe County TSIC scholarship recipients tend to be high-achieving students from diverse backgrounds. Many are first-generation in their family to attend college. They all receive a full scholarship from the Monroe County Educational Foundation.

This MOU would establish a formal pipeline for Monroe County TSIC scholarship recipients to go from Monroe County to Santa Fe College. It outlines the steps the Educational Foundation would take to assist their students in selecting SF and would provide for pre-enrollment assistance with the transition process. Once enrolled, SF would provide the TSIC scholarship recipients with support systems to create an environment conducive to them achieving their academic goals

There is no monetary commitment associated with this agreement.

Use Agreement with the University of Florida for the Seahorse
Key Marine Lab

408.2309, 16-17

To support student interest in marine sciences and coastal resource conservation, this newly revised facilities use agreement between Santa Fe College and the University of Florida will enhance student utilization of the Seahorse Key Marine Laboratory (SHKML) by increasing the scope and extent of research and enhancing partnerships with collaborating agencies. This use agreement memorializes the terms of Santa Fe's involvement, under which Santa Fe students studying marine biology, oceanography, coastal ecology and other subjects will continue to have free access to Seahorse Key through faculty-led instructional programs, and the college will have open access for other purposes as needed. Santa Fe will contribute financially to operations each year.

Collaborative Research: Geosciences: from Exploration to Opportunity (GEO) Program – National Science Foundation Grant

409.2143, 16-17

The purpose of this project is to establish, evaluate and sustain a GEO Cohort of students, faculty and staff at Santa Fe College (SF) and the University of Florida (UF), across the Geosciences. The GEO program will identify clear pathways from high school to the globally competitive STEM workforce. Degree pathways and bridging activities will guide a GEO Cohort of 55 students funded by 180 annual scholarships from Geosciences exploration in the 2-year SF environment through transfer to UF and matriculation into the workforce. The combination of formal academic training in Geosciences, Geography, Geology or Environmental Engineering Science, and student support services will maintain an annual student retention rate over 85%. Forty-four (80%) who enter GEO will graduate, whether at the Associate or Bachelor level. This is year one of a five-year project.

The amount of funds requested from the National Science Foundation is \$170,258 for year-one funding, with no matching funds from Santa Fe College. Estimated total funding for the entire five-year period is approximately 1.58 million.

Duration of this project is January 1, 2018 through December 31, 2018.

Fulbright-Hays Group Projects Abroad Program – *East Meets West: Understanding the Past and Defining the Future of Poland, Ukraine, and the United States*

409.2146, 16-17

The purpose of this project is to implement a short term, four-week Fulbright-Hays Group Study Abroad Project (GPA) to Poland and Ukraine. This program will benefit 17 educators: 8 community college professors, 8 K-12 teachers in addition to the project director. Participants will learn about the history and culture of Poland and Ukraine, improve their cultural competence, acquire basic Polish and Ukrainian language skills, and infuse their curricula with a significant focus on Eastern Europe, specifically Poland and Ukraine. This short term GPA will contribute to SF's ongoing effort to internationalize its general education courses and will add a new area of focus to the college's International Studies Certificate.

The amount of funds requested from the U.S. Department of Education, is \$99,567, with \$42,094 in matching funds from Santa Fe College and \$5,976 in participant cost share.

Duration of this project is September 30, 2017, through March 31, 2019.
