President's Report

Information Item

President Sasser recognized Myrna Cabrera-Rivero, FACC chapter President; Yvonne Currie, Career Service Chair; Chantel Wilson, Student Government President; and Ward Scott, College Senate President.

Dr. Sasser recognized Karen Schwartz and Steve Phillips who were participating in the Leadership Gainesville shadow program. Ms. Schwartz was shadowing Kris Williams for the day and Mr. Phillips was shadowing Rochelle Prince.

Dr. Sasser announced that Dr. Pat Grunder was appointed Vice President for Innovation and Institutional Advancement. He also noted that Dr. Grunder would continue to lead us through the reaffirmation efforts with the League for Innovation. He asked the board to join him in congratulating Dr. Grunder on her new, exciting appointment.

The President noted that the March of Dimes walk was a great success, with over \$10,000 raised, due in part to Dr. Portia Taylor and Dr. Curtis Jefferson. Santa Fe's spirit station won first place and the SFCC March of Dimes t-shirt design won second place.

The following quarterly employee award winners were recognized and received a plaque of appreciation and a service pin: faculty, Lamar Jacks; career service, Mary Smith; part-time faculty, Marsha Cooper; and part-time non-instructional, Sueling Chhiu. Barbara Oberlander, administrative/ professional, was unable to attend and will be recognized at the May board meeting.

Trustees received the following items: League for Innovation Institutional Self Evaluation 2002, SFCC Campus Heartbeat Newsletter, invitation to attend SFCC Zoo Call of the Wild fund raising event, SFCC Leadership Institute Newsletter, The Santa Fe Report, invitation for the opening reception and awards presentation for the Graphic Design Technology exhibit, Institutional Research Notes, Community Education and Center for Business EnRich! brochure, professional development day calendar, Spring Arts annual poster, and an invitation to attend a reception for Susan Trammel on April 15, 2003.

Project Report and Action Request - Building W Re-Roofing 412.938, 02-03

Project Description: This project consists of the removal of the existing built-up roof and the installation of a new roof on W building. Additionally, all equipment and duct curbs will be brought up to current standards during this project.

Architect/engineer	Brame Architects, Gainesville, Florida
Contractor/construction manager	To be determined
Uniform building code inspector	In-house
Total project budget	\$350,000
Source(s) of funding	PECO

Project Status: At its January 21, 2003, meeting, the board approved the phase III drawings and granted approval to bid this project. Since the bid opening for this project will be held March 21, 2003, college staff will be presenting the bid tabulation at the board meeting and requesting

approval to award to the lowest responsive bidder.

Board Action(s) Requested:

Approval to award bid

Discussion: Bill Reese, Associate Vice President of Facilities, reviewed facilities items 5.1 and 5.2 individually. The board then considered the items together. Bill Reese stated that the bid tabulation sheet for item 5.1 was in their packet and that Big D Roofing was the lowest bidder. Bill Reese then asked for approval to award the bid, base and alternate #1, to the low bidder following the required posting period. Trustee Bradley asked if SFCC had considered a metal roof, since he had heard that it would last for 50 years. Bill Reese explained that, due to cost and the configuration of that particular roof, they had not. Chair McRae asked if the redesign of the roof included replacement of the fume hoods. Mr. Reese responded that it did.

Bill Reese stated that he wanted to acknowledge Benjamin Fein and John Paul Mejia for all their hard work in assisting to secure the sidewalks and bike paths for NW 83rd Street.

At the conclusion of the meeting, Trustee Perry indicated that he had not voted on item 5.2, citing his affiliation with Perry-Parrish, Incorporated (PPI). It was his understanding that the PPI was, in fact, the firm that had submitted the guaranteed maximum price and would, therefore, be awarded the contract as a result of the board's decision. He also filed the conflict of interest form, 8B, as required.

Action: Motion to approve items 5.1 and 5.2: Roundtree

Second: Bradley

Vote: Bradley - yes, Brashear - yes, Jackson - yes, McRae - yes, Roundtree - yes, Womack - yes.

Project Report and Action Request - Building H Remodeling	412.939, 02-03
---	----------------

Project Description:

This project involves remodeling portions of building H for the Building Construction Technology program through a PECO allocation for workforce projects. This project is one of three funded from a singular allocation based on earlier survey recommendations. The educational specifications were approved by the board at the April 17, 2001, meeting. The initial budget for the project was presented to the board at the September 18, 2001, meeting as item 5.6, 2001-2002 Annual Budget, Unexpended Plant Fund (Fund 7).

Architect/engineer	Brame Architects
Contractor/construction manager	To be determined
Uniform building code inspector	In-house
Total project budget	\$414,184
Source(s) of funding	PECO

Project Status:

College staff has received and reviewed a guaranteed maximum price for this project in the amount of \$494,284 and is requesting subsequent approval by the board. Due to the increase in scope of this project as authorized by language in the 2002-03 appropriations bill, staff is also requesting approval to increase the total project budget to \$662,560.

Board Action(s) Requested:

Approval of report

Discussion: Rochelle Prince, Associate Vice President for Finance, reviewed items 6.1 through 6.4 individually. The board then considered the items together. In reference to item 6.4, Trustee Bradley asked what type of policy we have in effect regarding who is responsible for college-owned property that is stolen while in an employee's custody off campus. Also, he wanted to know how the lap top computer was stolen and if an internal investigation had been done. Rochelle responded that the computer was stolen from the employee's vehicle while she was traveling on college-approved business and a police report was filed. Trustee Bradley asked if employees are responsible for lost or stolen items or do they report it to their individual homeowners policy for reimbursement to the college. Rochelle stated that an investigation has been completed and it was determined that the employee was not negligent, and, in fact, the employee had offered to turn the loss in to her homeowners policy. Trustee Bradley then asked if she did turn the claim in. Rochelle deferred to Vice President Jan Bullard who stated that it was not normally the policy of the college to go that route because the item was college property and did not belong to the individual employee. Chair McRae asked if the college determines whether someone was negligent or not and do our procedures cover employees on trips. Vice President Guy York responded that he would have our Safety and Risk Manager look into the situation and report back to the board regarding the policy. Trustee Roundtree asked that he just provide the board with a copy of the written policy.

Colonel Harry M. Hatcher, Jr. Property Survey 03-07 200.648, 02-03

The items presented for the board's review are requests from the various custodians to remove property from their inventory for the reasons indicated. The college has a Property Survey Committee composed of representatives from around the college who review requests from the departments before they are presented to the board.

The Property Survey Committee met February 21, 2003, to consider departmental requests to be relieved from inventory accountability. The committee members sent their approvals that the following requests should be accepted and recommends board approval to remove the items listed below from the active property control inventory records. A detailed list of all items from each category is attached.

<u>Category</u>	Number of Items	Original Cost or Value Items < \$5,000 to be Removed from Inventory	Number of Items	Original Cost or Value Items > \$5,000 to be Removed from Inventory and Financial Records	Depreciation of Items > \$5,000	Total Book Value Items to be Removed from Inventory and/or Financial Records

TOTAL	35	\$60,305.25	2	\$16,550.00	\$16,550.00	\$0.00

Notes

Stolen Items are items that have been reported to the SFCC Police Department as stolen.

Worn-Out Equipment with No Salvageable Parts are items that are no longer in usable condition and are not cost-effective to repair.

Surplus Property is generally offered to Alachua and Bradford counties schools first. If the counties are not interested in these items, they will be offered to other non-profit organizations that have requested them. Items that are not requested will then be sold at a surplus auction.

Trade-Ins have been traded in on new equipment.

Transfers are those items being transferred to the institution shown. These institutions are always non-profit entities.

CIT/Network Service Technology Grant Transfers include items purchased from the CIT/Network

Service Technology grant. As part of the grant, these items are already located at the Bradford Vo-Tech Center. We are requesting to officially transfer them to the Bradford Vo-Tech Center as part of this survey.

Acquisition Value represents the college's acquisition cost, NOT the current value of the items. The college depreciates and capitalizes items costing \$5,000 or greater. Items greater than \$750 but less than \$5,000 are not depreciated or capitalized but tracked for inventory purposes ONLY. The present value of most of the items less than \$5,000 listed here is substantially lower than the amount indicated.

Board Action(s) Requested:

Approval of survey

Action: Approved. See item 6.1.

Permission to Expend Dr. Philip Benjamin
Academic Improvement Trust Funds

400.437, 02-03

The Santa Fe Community College Endowment Corporation requests permission to expend a total of \$33,550 from the Dr. Philip Benjamin Academic Improvement Trust Fund to purchase scientific and technical equipment to train students in various nursing programs. These expenditures are specifically to purchase essential equipment for the Nursing Simulated Lab. The Nursing Simulated Lab provides educational opportunities for SFCC's six Nursing programs, including ASN, ASN Bridge, Practical Nursing, and Assistive Programs (Nursing Assistant, Patient Care Assistant, and Home Health Aide). There is a combined annual enrollment of over 300 students in these programs, who use the major health care agencies in the surrounding communities. The Nursing Simulated Lab must reflect current health care technology to assure students have the opportunity to become skilled in these required technologies. Attached is a list of equipment, which indicates current technology in our health care system, that will assist faculty in simulating clinical experiences for students prior to being placed in the clinical agencies. These simulations allow the students to be active learners in the presentation of nursing theory and techniques before encountering real life situations in the clinical agencies.

The LEAD Challenge College and Career Transitions Initiative -- Grant 409.1423, 02-03

The purpose of this project is to implement a LEAD challenge experience for 25 rural/disadvantaged high school juniors and seniors that will improve academic performance at both the secondary and postsecondary level and ease the transition between secondary and postsecondary education, as well as, the transition to employment. This intensive nine-month program combines rigorous academic, leadership/community service, cultural competency, and technological literacy components to provide a comprehensive academic/enrichment experience for participants. Additionally, faculty and staff at both the secondary and postsecondary levels will participate in a series of cultural competency workshops/forums that will enhance their ability to provide a culturally responsive learning environment for their students. This is year one of a five-year project. By the end of the fifth year, at least 125 students and their families will directly benefit from the project.

The amount of funds requested from US Department of Education, Office of Vocational and Adult Education, through the League for Innovation, is \$150,000, with an in-kind match of \$6,897 from Santa Fe Community College.

Duration of this project is May 4, 2003, through May 3, 2004.

Operating budget impact: In-kind match from existing college budget. Computer replacement, following end of grant, not included in college funds.

Board Action(s) Requested:

Approval of grant. Upon legal review and approval, the president or his designee, W. Harvey Sharron, Jr., Vice President for Development, is authorized to execute any agreements and related documents associated with this grant.

Santa Fe Community College Health Careers Opportunity Program -- Grant 409.1424, 02-03

The purpose of this project is to facilitate the entry, retention, and graduation of economically

and/or educationally disadvantaged students from one of seven targeted health science programs at Santa Fe Community College or into upper division health professional school. Thirty HCOP-eligible high school students will be chosen for preliminary education through a 30-week Saturday Academy at Santa Fe's Northwest Campus. Twenty-eight HCOP-eligible graduating seniors and college students will be selected for preliminary education starting with a six-week HCOP College Summer Institute and continuing as a two-hours-per-week program throughout fall and spring semesters. Associated with the preliminary education will be a comprehensive retention program that supports HCOP college students through their prerequisite and a health sciences program curriculum or a general Associate of Arts curriculum (for transfer) until graduation. This is year one of a three-year program.

The amount of funds requested from US Department of Health and Human Services, Public Health Services, Health Resources and Services Administration, Bureau of Health Professions, is \$312,904, with an in-kind match of \$12,674 from Santa Fe Community College.

Duration of this project is September 1, 2003, through August 31, 2004.

Operating budget impact: In-kind match from existing college budget. Computer replacement, following end of grant, not included in college funds.
