President's Report

Information Item

Chair Jackson wished Ms. Tina Crosby, Executive Assistant to the President, Happy Birthday and presented her with a gift on behalf of the board.

President Sasser recognized Sue Harris, Career Service Chair; Alan Rezaei, Student Government Vice President; Terry Thomas, Chapter President of FACC; and Carole Marquis, College Senate President.

The president reminded the board that there would be a workshop after today's meeting regarding the equity and accountability reports followed by dinner.

Dr. Sasser noted that the SFCC Starke Fall Festival was a success. He gave special thanks to Ms. Kathryn Lehman, Coordinator Cultural Programs, for her hard work on the festival.

The president commented that the SFCC Dance Theatre will present Elements of Style on November 6 at the Philips Center for Performing Arts. If anyone would like tickets, they should contact Ms. Tina Crosby. Also, he mentioned the League for Innovation IT conference will be held November 7-9 at the Tampa Convention Center and extended an invitation to the board to hear the keynote speaker, Governor Jeb Bush, and attend high tea on November 8.

Trustees received the *Vitality Magazine*, Santa Fe Report, East Gainesville Initiative Annual Report to the College for 2003-04, Campus Heartbeat Newsletter, and the SFCC Student Government newspaper *The Bark*.

Suwannee River Area Health Education Center, Inc. and Santa Fe Community College Nursing
Programs -- Grant 409.1518, 04-05

The purpose of this project is to create an academic and community collaboration to influence health professions education and the future health professions workforce. The project helps provide information and support services to community health professions, addresses state health priorities, and delivers health promotion/disease prevention and primary care services to rural and medically underserved communities. These funds will benefit approximately 270 students in the Associate of Science in Nursing degree programs. This is a renewal of an existing project that was previously approved by the board. Funding for this project was approved by the Suwannee River Area Health Education Center, Inc. in September 2004.

The amount of funds requested from the Suwannee River Area Health Education Center, Inc. is \$2,750, with no matching funds from Santa Fe Community College.

Duration of this project is July 1, 2004, through June 30, 2005.

Operating budget impact: None

Board Action(s) Requested:

Approval of grant. Upon legal review and approval, the president or his designee, W. Harvey Sharron, Jr., Vice President for Development, is authorized to execute any agreements and related documents associated with this grant.

Action: Approved. See item 3.1.

Project Report and Action Request - Building G Re-Roofing (Final Completion)

412.973, 04-05

Project Description:

This project consists of the removal of the existing built-up roof and the installation of a new built-up roof on G building.

Architect/engineer	Craig Salley & Associates, Gainesville, Florida
Construction manager/contractor	Big D Roofing, Inc.
Uniform building code inspector	In-house
Project budget	\$335,000
Source(s) of funds	PECO

Project Status:

In their March 2004 meeting, the board approved the bid award for this project to Big D Roofing, Inc. This project achieved final completion on September 17, 2004, and college staff is requesting that the board accept this project as complete.

Board Action(s) Requested:

Acceptance of project as complete

Discussion: Mr. Bill Reese, Associate Vice President, Facilities Services, reviewed facility items 4.1 and 4.2. Trustee Bradley asked that when a project is completed and brought to the board for final acceptance that the final price of the project be listed. Mr. Reese replied that they could provide that information.

Project Report and Action Request - Utility Infrastructure Project
(Deductive Change Order Update)

Information Item
412.974, 04-05

Project Description:

Engineering reports dating back to 1980 have detailed problems with the underground utilities on the Northwest Campus. A significant portion of the underground domestic water piping was subsequently replaced, but little or no chilled water or heating hot water has been replaced. This piping has been the cause of failures resulting in disruptions to the campus. Additionally, the early first phase buildings on the campus, for the most part, still have original mechanical equipment in operation.

Architect/engineer	Affiliated Engineers, Gainesville, Florida
Contractor/construction manager	PPI Construction Management, Gainesville, Florida
Uniform building code inspector	In-house
Total project budget	\$7,756,467
Source(s) of funding	PECO

Project Status:

In their July 2004 meeting, the board approved a budget increase and granted pre-approval of a change order that was originally intended to cover three things: 1) the addition of the remaining appropriation, 2) the addition of time to the contract to perform the phase II work, and 3) deductions to the contract for direct purchases. In order to keep the additions and deductions to the contract as clear as possible, more than one change order was initiated.

Current construction contract amount	\$3,567,987.00
<u>Additive Change Order #1</u> was initiated to add the phase II work to the project, along with the budget increase from the additional allocations.	\$3,545,481.00
Revised current construction contract amount	\$7,113,468.00
<u>Deductive Change Order #2</u> was initiated to allow the college to direct purchase piping, valves, and fittings. The total deduction was \$364,895.46, comprised of \$344,241.00 in materials and \$20,654.46 in sales tax.	\$ 364,895.46
Revised current construction contract amount	\$6,748,572.54

Deductive Change Order #3 was initiated to allow the college to direct purchase pipe rollers, slides, rigid conduit, elbows, and cable tube. The total deduction was \$303,698.74, comprised of \$286,508.25 in materials and \$17,190.49 in sales tax.

\$ 303,698.74

Revised current construction contract amount

\$6,444,873.80

Deductive Change Order #4 was initiated to allow the college to direct purchase electrical pull boxes and ground boxes. The total deduction was \$37,818.78 comprised of \$35,678.09 in materials and \$2,140.69 in sales tax.

\$ 37,818.78

Revised current construction contract amount

\$6,407,055.02

One of the benefits of construction management occurs during the start up of a project while materials and equipment are approved and ordered. Where significant amounts of materials are purchased from one vendor, such as pipe in this case, the college may elect to purchase these materials directly from the supplier, hence the term direct purchase, which saves the college the sales tax. A deductive change order is executed and the amount of the purchase plus the tax is deducted from the project purchase order. A separate purchase order is then initiated to the supplier, minus the tax.

The total savings to the college to date from these direct purchase deductive change orders is \$ 39,985.64

Colonel Harry M. Hatcher, Jr. Property Survey 05-03200.676, 04-05

Below and on the attached pages are requests from the various custodians to remove property from their inventory for the reasons indicated. The college has a Property Survey Committee composed of representatives from around the college who review the departmental requests before they are presented to the board for approval.

The Property Survey Committee met September 23, 2004, to consider departmental requests to be relieved from inventory accountability. The committee members sent their approvals that the following requests be accepted and recommend board approval to remove the items listed below from the active property control inventory records. A detailed list of all items from each category is attached.

Category	Number of Items	Original Cost or Value Items < \$5,000 to be Removed from Inventory	Number of Items	Original Cost or Value Items > \$5,000 to be Removed from Inventory and Financial Records	Depreciation of Items > \$5,000	Total Book Value Items to be Removed from Inventory and/or Financial Records
Worn-Out Equipment with No Salvageable Parts	6	\$10,798.50	2	\$54,432.50	\$54,432.50	\$0.00
Trade-Ins	31	\$70,276.90	0	\$0.00	\$0.00	\$0.00
TOTAL	<u>37</u>	<u>\$81,075.40</u>	<u>2</u>	<u>\$54,432.50</u>	<u>\$54,432.50</u>	<u>\$0.00</u>

Notes

Worn-Out Equipment with No Salvageable Parts are items that are no longer in usable condition and are not cost-effective to repair.

Trade-Ins are items that have been traded in on new equipment.

Acquisition Value represents the college's acquisition cost, NOT the current value of the items. The college depreciates and capitalizes items costing \$5,000 or greater. Items greater than \$750 but less than \$5,000 are not depreciated or capitalized but are tracked for inventory purposes ONLY. The present value of most of the items less than \$5,000 listed here is substantially lower than the amount indicated.

Articulation Agreement with Embry-Riddle Aeronautical University - Daytona Beach Campus -
Bachelor of Science of Aeronautical Science and Airline Pilot Specialty 408.1461, 04-05

As part of the Santa Fe Community College University Center, this new articulation agreement between Santa Fe Community College (SFCC) and Embry-Riddle Aeronautical University (ERAU) is designed to facilitate the transfer of students from SFCC to ERAU with a minimal to no loss of credits. The agreement contains no expiration date but may be terminated upon 90 days' written notice to the other institution.

The primary benefit is that students are assured that courses completed at SFCC will satisfy specific degree requirements for the Bachelor of Science Degree in Aeronautical Science - Airline Pilot Specialty at ERAU. The agreement ensures that students become subject to the requirements of the ERAU curriculum set forth in their catalog at the time the student is accepted into the program at SFCC. Another major benefit of the agreement is the potential for our students to save considerable money by completing the first two years at SFCC.

Board Action(s) Requested:

Approval

Discussion: Ms. Fran Holm, Associate Vice President for Technology and Applied Sciences, said this articulation agreement was a wonderful opportunity for our students. Mr. Jim Murphey, SFCC Associate Director of Criminal Justice Programs, gave a brief overview. He stated that this was a great opportunity for students to receive their A.S. degree at Santa Fe then transfer to Embry-Riddle Aeronautical University and receive a Bachelor of Science degree in Aeronautical Science and Airline Pilot Specialty. He also noted that this was the only program in the state.

Adult Education and Family Literacy – Program for Parents/Caregivers of Middle School Students --
Grant 409.1520, 04-05

The purpose of this project is to improve the literacy skills of at-risk middle school students by working with their under-educated parents. The program will provide families with activities to develop skills that will enable children to stay in school and successfully complete their education. This project will serve at least 50 families.

The amount of funds requested from the Florida Department of Education, Office of Workforce Education, is \$50,000, with no matching funds from Santa Fe Community College.

Duration of this project is October 20, 2004, through June 30, 2005.

Operating budget impact: None

Board Action(s) Requested:

Approval of grant. Upon legal review and approval, the president or his designee, W. Harvey Sharron, Jr., Vice President for Development, is authorized to execute any agreements and related documents associated with this grant.

Action: Approved. See item 6.2.

Student Support Services Grant

409.1521, 04-05

The purpose of this project is to provide supplementary support services to low-income, first-generation, or disabled college students in order to increase student success as measured by retention, graduation, and transfer rates. Individual counseling, tutoring, and other extensive work in the basic academic subjects (mathematics, reading, and writing) will be the substance of the program. An additional part of the program includes a two-year/four-year initiative section, the purpose of which is to assist Santa Fe Community College project students in securing admission to and financial assistance for enrollment in four-year institutions of high education. This is year one of a new five-year project. This project will serve approximately 200 students per year.

The amount of funds requested from the U.S. Department of Education, Office of Postsecondary Education, is \$267,986, with an in-kind match of \$15,806 from Santa Fe Community College.

Duration of this project is September 1, 2005, through August 31, 2006.

Operating budget impact: From existing college funds

Board Action(s) Requested:

Approval of grant. Upon legal review and approval, the president or his designee, W. Harvey Sharron, Jr., Vice President for Development, is authorized to execute any agreements and related documents associated with this grant.

Action: Approved. See item 6.2.

National Emergency Grant

4091522, 04-05

The purpose of this project is to develop, establish, and oversee a temporary employment program to assist in recovery efforts needed as a result of recent hurricanes. Use of these funds includes employing dislocated workers in efforts to provide humanitarian service and to assist in the cleaning, repair, renovation, and reconstruction of damaged or destroyed public and not-for-profit structures, facilities, and lands located in Alachua and Bradford counties. Funds will be used to facilitate meeting the goals and outcome measures of the Workforce Investment Act.

The National Emergency Grant is between the Alachua/Bradford Regional Workforce Board (ABRWB), BCN Associates acting as the ABRWB/s administrative entity and the District Board of Trustees of Santa Fe Community College.

The amount of funds requested from the U.S. Department of Labor through the Agency for Workforce Innovation and the Alachua/Bradford Regional Workforce Board is \$90,000, with no matching funds from Santa Fe Community College.

Duration of this project is October 18, 2004, through September 30, 2005.
