Dr. Sasser commented and mentioned a few of the many contributions that former Trustee Ayers made while serving the board. Mr. Richard Jones thanked Dr. Sasser and the board for acknowledging his father in-law and noted that Mr. Ayers loved Santa Fe and what the college meant to education. President Sasser unveiled Mr. Ayers' photo on the Wall of Remembrance, which will stand as a reminder of his service to the college. The president presented to Mrs. Ayers a framed picture of Mr. Ayers. Project Report and Action Request - Elevator Upgrade (Budget,  
Phase III Drawings, Guaranteed Maximum Price)

---

412.989, 05-06

Project Description

This project involves the renovation of seven of the college's oldest elevators in order to bring them up to current code with respect to operations, accessibility, and communications. These elevators are all original equipment and do not comply with current code.

Architect/engineer	Affiliated Engineers SE, Inc., Gainesville, Florida
Construction manager/contractor	PPI Construction Management, Inc., Gainesville, Florida
Uniform building code inspector	In-house
Project budget	\$473,392
Source of funds	Capital Outlay and Debt Service, and Public Education Capital Outlay (PECO)

Project Status

At the inception of this project the estimate of probable costs was below the threshold of approval by the college's Purchasing Director. However, code changes as well as material and labor increases since that time have increased the construction cost of this project to the point at which board approval is required. Therefore, college staff is requesting approval of the project budget in the amount of \$473,392. College staff is also requesting approval of the phase III drawings for this project and for the guaranteed maximum price to construct it in the amount of \$418,080.

Board Action(s) Requested:

- A. Approval of project budget in the amount of \$473,392**
- B. Approval of the phase III drawings**
- C. Approval of the guaranteed maximum price of \$418,080**

Discussion: Mr. Bill Reese, Associate Vice President Facilities Services, reviewed item 4.1. He noted the project involves the renovation of seven of the college's oldest elevators in order to bring them up to current code with respect to operations, accessibility, and communications. The college is requesting approval of the overall project budget of \$473,392 and guaranteed maximum price of \$418,080. Trustee Bradley asked about the distinction between the overall budget and guaranteed maximum price. Mr. Reese said the difference between the two was design fees, consultant fees, and the owner's contingency fee for possible change orders. Trustee Bradley asked that the college itemize all the costs on future projects. In response to a question from Trustee McRae, Mr. Reese said the project should be completed February 2006.

Discussion: Ms. Rochelle Prince, Chief Financial Officer and Associate Vice President for Finance, reviewed items 5.1 through 5.5 individually. Under item 5.5, Ms. Prince distributed and reviewed the assessment process for the food service Request for Proposal (RFP). She added that a cafeteria task force formed a subcommittee of students, faculty, and staff to review and recommend a comprehensive plan for cafeteria services and space allocations. She noted that surveys were distributed to students, staff, and faculty; questionnaires were sent to top franchised vendors in the area; and several college staff members visited other colleges for ideas, concepts, and feasibility. She added the college wants to move campus food service operations toward a food court arrangement in order to provide more diverse offerings and enhance potential auxiliary revenue. Vendors are to be located in three bays in the cafeteria. Requests for Proposals were sent out for food service, snack vending, and beverage vending. Vendor responses were Domino's Pizza and Subway for the manual food service, Canteen and Tampa Bay Vending for snack vending, and

Coca Cola and Tampa Bay Vending for beverage vending. The third bay remains open. Ms. Prince said the college prefers the third bay vendor to serve traditional breakfast items, hamburgers, hot dogs, etc. After continued discussion, Trustee Bradley added that he would like to see a minority vendor have the opportunity for the third bay. Ms. Prince added that if anyone knew about a minority vendor to let her know, because they would be sending out the RFP soon.

Regarding item 5.6, which was deleted from the agenda, President Sasser commented that Compass Group USA, Inc., which has the current cafeteria food and vending contract, chose not to bid on the food contract. They opted to exercise the 90-day termination clause within the contract. Currently, legal counsel and the finance office are negotiating with them to extend their termination date to May 5, 2006. The amendment to the contract will be on the November board agenda.

Action: Motion to approve items 5.1 through 5.5: McRae  
Second: Jackson  
Vote: Bradley - yes, Brashear - yes, Jackson - yes, Mallini - yes, McRae - yes.

Colonel Harry M. Hatcher, Jr., Property Survey 06-02

200.695, 05-06

Below and on the attached pages are requests from the various custodians to remove property from their inventory for the reasons indicated. The college has a Property Survey Committee composed of representatives from around the college who review the departmental requests before they are presented to the board for approval.

The Property Survey Committee met September 19, 2005, to consider departmental requests to be relieved from inventory accountability. The committee members sent their approvals that the following requests be accepted and recommend board approval to remove the items listed below from the active property control inventory records. A detailed list of all items from each category is attached.

Category	Number of Items	Original Cost or Value Items < \$5,000 to be Removed from Inventory	Number of Items	Original Cost or Value Items > \$5,000 to be Removed from Inventory and Financial Records	Depreciation of Items > \$5,000	Total Book Value Items to be Removed from Inventory and/or Financial Records

Worn-Out Equipment with No Salvageable Parts	13	\$ 24,509.07	2	\$13,950.00	\$13,950.00	\$0.00

**Notes**

Worn-Out Equipment with Salvageable Parts are items from which parts will be taken before the items are discarded.

Worn-Out Equipment with No Salvageable Parts are items that are no longer in usable condition and are not cost-effective to repair.

Surplus Property is generally offered to Alachua and Bradford counties schools first. If the counties are not interested in these items, they will be offered to other non-profit organizations that have requested them. Items that are not requested will then be sold at a surplus auction.

Trade-Ins are items that have been traded in on new equipment.

Transfers are those items being transferred to the institution shown. These institutions are always non-profit entities.

Acquisition Value represents the college's acquisition cost, NOT the current value of the items. The college depreciates and capitalizes items costing \$5,000 or greater. Items that cost greater than \$1,000 but less than \$5,000 are not depreciated or capitalized. Instead they are tracked for inventory purposes ONLY. The present value of most of the items less than \$5,000 listed here is substantially lower than the amount indicated.

**Approval of survey**

Action: Approved. See item 5.1 (202.530).

Permission to Execute Contracts for Manual Food Service, Snack Vending, and Beverage Vending

---

209.117, 05-06

On August 5, 2005, a Request for Proposal (RFP) for manual food service, snack vending, and beverage vending was issued. The proposals were publicly opened on September 16, 2005. An evaluation committee of 15 people (representing career service, faculty, staff, and students, as well as academic and non-academic areas of the college) reviewed the proposals for consideration.

Vendor responses were received as follows:

- Manual food service - Domino's Pizza and Subway
- Snack vending - Canteen and Tampa Bay Vending
- Beverage vending - Coca Cola, Pepsi, and Tampa Bay Vending

Currently, campus food service operations are moving toward the food court arrangement in order to provide more diverse offerings and enhance potential auxiliary revenues as well. Since this arrangement is a three-bay concept, the college will be issuing a focused (local area) RFP for the third bay to satisfy the food choices not represented in the responses above, for example, traditional breakfast items.

The evaluation committee recommends the following:

1. Award Manual Food Service contracts for a period of five years with one five-year renewal option to Domino's and Subway.
2. Award the Snack Vending contract for a period of five years with one five-year renewal option to Canteen Vending Services.
3. Award the Beverage Vending (exclusivity) contract for a period of five years with one five-year renewal option to Coca-Cola Enterprises, Inc.

The board is requested to authorize Chief Financial Officer Rochelle Prince and General Counsel Patti Locascio to complete contract negotiations with each of the above referenced vendors. If for any reason negotiations for the contract cannot be completed with each of the vendors as referenced above under the provisions of the Request for Proposal and the successful vendor's response, the college requests authority to begin negotiations with the next best proposer.

**Board Action(s) Requested:**

1. **Approval for board chair to execute contracts with each of the above-referenced vendors for Santa Fe Community College following negotiations by staff listed above without further review by the board.**
2. **Authorization for college staff to re-solicit proposals if for any reason the negotiations cannot be completed with selected proposers as listed above.**

Action: Approved. See item 5.1 (202.530).
