President's Report

Information Item

Dr. Sasser thanked Ms. Cheryl Canova and her staff for their hospitality for hosting today's meeting.

President Sasser recognized Mr. Mike Hutley, President of FACC. Ms. Anedria Williams, Career Service Chair; Ms. Carole Marquis, College Senate President; and Mr. Matt Barker, Student Government President were unable to attend.

Dr. Sasser mentioned that today is March of Dimes Prematurity Awareness Day. Immediately following the board meeting there will be a brief presentation with the lighting of the Andrews building to follow. He encouraged everyone to attend.

The president reminded the board there was no December board meeting.

Dr. Sasser noted the current art show in the Robertson Administration Building is a hand-made quilt exhibit, which will be displayed through January 25, 2007. Also, the annual Christmas trees will be on view from November 22 through December 13.

Trustees received *Vitality Magazine* and the SFCC international programs brochure.

College Goal: Educational Programs - Provide learning opportunities and academic support to ensure the highest levels of academic performance.

Suwannee River Area Health Education Center, Inc. - Santa Fe Community College Nursing Programs
-- Grant 409.1623, 06-07

The purpose of this project is to create an academic and community collaboration to influence health professions education and the future health professions workforce. The project helps provide information and support services to community health professions, addresses state health priorities, and delivers health promotion/disease prevention and primary care services to rural and medically underserved communities. These funds will benefit approximately 285 students in the Associate of Science in Nursing degree programs. This is a renewal of an existing project that was approved by the Board of Trustees in the past. Funding for this project was approved by the Suwannee River Area Health Education Center, Inc. in summer 2006.

The amount of funds requested from Suwannee River Area Health Education Center, Inc. is \$2,750, with no matching funds from Santa Fe Community College.

Duration of this project is July 1, 2006, through June 30, 2007.

Operating budget impact: None

Board Action(s) Requested:

Approval of grant. Upon legal review and approval, the president or his designee, W. Harvey Sharron, Jr., Vice President for Development, is authorized to execute any agreements and related documents associated with this grant.

Davis Center, Phase II (Vet Tech) - Approval of Budget, Spot Survey, Architectural Firm
412.1003, 06-07

Project Description:

This project involves the design and construction of a veterinary technology building at the Davis Center in Archer, Florida. The building will be approximately 8,000 gross square feet and contain laboratory space for micro/anatomy and veterinary technology as well as a surgery suite and animal holding facilities.

Architect/engineer	To be determined
Contractor/construction manager	To be determined
Uniform building inspector	In-house
Estimated project budget	\$2,000,000
Source of funds	Private and matching grant

Project Status:

Since this project was initiated through the college Endowment Office with a private donation in the amount of \$1,000,000, it has not been included in the college's Educational Plant Survey. Therefore, a spot survey has been prepared for board approval. With the remaining funds anticipated in the next legislative appropriation, the college is planning to start architect's selection in January of 2007. In order to accomplish this, the college asks the board to approve the project budget of \$2,000,000 and the spot survey, as well as grant permission to advertise, select, and negotiate a contract with an architectural firm for design services.

Board Action(s) Requested:

- A. Approval of project budget in the amount of \$2,000,000**
- B. Approval of spot survey**
- C. Permission to advertise, select, and negotiate a contract with an architectural firm for design services**

Discussion: Mr. Bill Reese, Associate Vice President Facilities, reviewed items 5.1 and 5.2. He noted that on item 5.2 the project was completed under budget in the amount of \$526,327 and realized tax savings of \$33,000 as a result of direct purchasing. Chair Davis thanked Mr. Reese for completing the project under budget.

Action: Motion to approve facilities items 5.1 and 5.2: Brashear
Second: Mallini
Vote: Brashear - yes, Davis - yes, Jackson - yes, Mallini - yes, Womack - yes.

College Goal: Resources - Develop, obtain, and allocate the necessary resources to implement the college's mission.

Health Science Addition - Accept as Complete

412.1004, 06-07

Project Description:

The demand for health related professionals, both locally and nationally, has exceeded the supply for many years now. Program growth at Santa Fe in many areas has caused severe overcrowding in both classroom and lab space. This project added 45,240 gross square feet of new space as an addition to the current Health Science building on the Northwest Campus.

Architect/engineer	Flad & Associates
Construction manager/contractor	PPI Construction Management
Uniform building code inspector	In-house
Original project budget	\$9,268,904
Source of funds	PECO

Revised budget based on actual appropriations:

Design (2004-05)	\$ 756,522
Construction (2005-06)	\$7,372,579
Furniture and equipment (2006-07)	\$1,422,043
Final appropriation and project budget	\$9,551,144

Final project costs:

Design/administration	\$ 477,120
Construction	\$7,378,808
Furniture/equipment	\$1,349,233
Total costs	\$9,205,161
Final deductive change order	<u>-180,344</u>
Final project cost	\$9,024,817

Project under budget \$ 526,327

Project Status:

This project reached substantial completion on July 19, 2006, and final completion on August 14, 2006. The project was on-time and under budget. The project realized \$33,192 in tax savings resulting from direct purchases by the college, as well overall savings of \$180,344 resulting from bid buy-out and project savings.

Board Action(s) Requested:

Accept project as complete

Action: Approved. See item 5.1 (412.1003).

College Goal: Resources - Develop, obtain, and allocate the necessary resources to implement the college's mission.

Fund 1 (Current Unrestricted) Revenue and Expenditure Report as of October 31, 2006

201.61606-07

The attached Fund 1 (Current Unrestricted) Revenue and Expenditure Report reflects the status of the college in relation to the percentage of unrealized and unencumbered funds as of October 31, 2006. The following summary provides a comparison of actual revenues and expenditures for 2006-2007 vs. 2005-2006.

	2006-2007		2005-2006

Colonel Harry M. Hatcher, Jr., Property Survey 07-04

200.712, 06-07

Below and on the attached pages are requests from the various custodians to remove property from their inventory for the reasons indicated. The college has a Property Survey Committee composed of representatives from around the college who review the departmental requests before they are presented to the board for approval.

The Property Survey Committee met October 10, 2006, to consider departmental requests to be relieved from inventory accountability. The committee members sent their approvals that the following requests be accepted and recommend board approval to remove the items listed below from the active property control inventory records. A detailed list of all items from each category is attached.

Category	Number of Items	Original Cost or Value Items < \$5,000 to be Removed from Inventory	Number of Items	Original Cost or Value Items > \$5,000 to be Removed from Inventory and Financial Records	Depreciation of Items > \$5,000	Total Book Value Items to be Removed from Inventory and/or Financial Records
Worn-Out Equipment with Salvageable Parts	4	\$ 5,860.02	0	\$ 0.00	\$ 0.00	\$0.00
Worn-Out Equipment with No Salvageable Parts	2	4,135.75	0	0.00	0.00	0.00
Surplus Property	4	8,049.95	1	5,440.00	5,440.00	0.00
Transfers	35	46,589.57	0	0.00	0.00	0.00
TOTAL	<u>45</u>	<u>\$64,635.29</u>	<u>1</u>	<u>\$5,440.00</u>	<u>\$5,440.00</u>	<u>\$0.00</u>

Notes

Worn-Out Equipment with Salvageable Parts are items from which parts will be taken before the items are discarded.

Worn-Out Equipment with No Salvageable Parts are items that are no longer in usable condition and are not cost-effective to repair.

Surplus Property is generally offered to Alachua and Bradford counties schools first. If the counties are not interested in these items, they will be offered to other non-profit organizations that have requested them. Items that are not requested will then be sold at a surplus auction.

Transfers are lab computers replaced through the PC replacement plan that are to be transferred to Alachua and Bradford County schools, sold, or scrapped

Acquisition Value represents the college's acquisition cost, NOT the current value of the items. The college depreciates and capitalizes items costing \$5,000 or greater. Items that cost greater than \$1,000 but less than \$5,000 are not depreciated or capitalized. Instead they are tracked for inventory purposes ONLY. The present value of most of the items less than \$5,000 listed here is substantially lower than the amount indicated.

Board Action(s) Requested:

Approval of survey

Action: Approved. See item 6.1 (201.616).

College Goal: Resources - Develop, obtain, and allocate the necessary resources to implement the college's mission.

Amendment #1 to Contract with General Revenue Corporation for Collection Services

209.137, 06-07

As part of the ongoing effort to collect money due from students for various reasons, such as short-term loan delinquency, Title IV repayment, and financial aid ineligibility, it is sometimes necessary to employ a debt recovery service to assist with these collections. The collection costs charged by employing these services are an additional cost to the student. Currently, the college utilizes two different collection service companies, William & Fudge, Inc. and General Revenue Corporation.

The college has reviewed the two collection service contracts, and in an effort to currently reduce costs charged to students while employing one of the collection service companies, the college has negotiated, with both companies, a decrease in collection fees assessed. In addition, it is the college's intent to issue a Request for Proposal for collection services to reestablish fixed price sources for debt collection.

This amendment provides that the collector, General Revenue Corporation, will modify the contingency fees for first referrals from 33.3% to 25% and for second referrals from 40% to 25%.

Board Action(s) Requested:

Approval of contract amendment

Action: Approved. See item 6.1 (201.616).

College Goal: Resources - Develop, obtain, and allocate the necessary resources to implement the college's mission.

Currently, the college utilizes two different collection service companies, William & Fudge, Inc. and General Revenue Corporation.

The college has reviewed the two collection service contracts, and in an effort to currently reduce costs charged to students while employing one of the collection service companies, the college has negotiated, with both companies, a decrease in collection fees assessed. In addition, it is the college's intent to issue a Request for Proposal for collection services to reestablish fixed price sources for debt collection.

This addendum provides that the collector, Williams & Fudge, Inc., will modify the collection fees for first placements from 30% to 25% and for second placements from 35% to 25%.

Board Action(s) Requested:

Approval of contract addendum

Action: Approved. See item 6.1 (201.616).

College Goal: Educational Programs - Provide learning opportunities and academic support to ensure the highest levels of academic performance.

College Calendar for 2007-2008

414.55, 06-07

The college calendar for 2007-2008 is presented to the board for approval. The College Senate supports the college calendar. The calendar also coincides with the University of Florida calendar, which is important to students at both institutions who are often jointly enrolled. The calendar calls for an exception to the authorized start date for summer term 2008. Upon approval of this calendar, a request will be made to the community college state office to approve this exception so that Santa Fe will coincide with the university's calendar.

Continuing and Community Education EnRich! Brochure - Winter Term 2007

415.114, 06-07

As required by State Board of Education regulations, the schedule of Community Education and the Center for Business EnRich! courses for winter term 2007 is presented for board approval. Term dates are January 20 through March 16, 2007, with registration beginning January 4 and continuing throughout the term. The schedule is subject to further changes as certain classes may be added to or deleted from the schedule. Generally, additions would be made only for online classes from contract vendors as such classes become available. Deletions may be made based on instructor and space availability. Changes, additions, and deletions will occur in the online schedule.

College Goal: Resources - Develop, obtain, and allocate the necessary resources to implement the college's mission.

Amended Rule 7.11: Fees

410.399, 06-07

This proposed change to Rule 7.11 is to provide greater access for students by removing the first financial barrier to a college education - the application fee.

Further, the college requests board approval to allow a \$1.00 per credit hour access fee to be charged to students (effective fall term 2007) to cover the costs associated with access to the on-line college services such as but not limited to applications, registration, advisement, degree audit, grades, fee payments, email accounts, and individual class information.

Unlike the current \$30 admission application fee, financial aid will COVER the access fees for students who are eligible. The financial impact on the college is estimated to be dollar neutral.

Refunds will be granted for application fees for fall 2007 paid prior to the effective date of this rule; such refunds will not be granted if the students enroll at the college prior to fall 2007.

Board Action(s) Requested:

Approval

Discussion: Dr. Portia Taylor, Vice President Student Affairs, reported the proposed change to Rule 7.11 consisted of removing the \$30.00 application fee for first-time students and the \$75.00 application fee for international students and adding the \$1.00 per credit hour access fee. She added this would remove the first financial barrier for students to receive their college education.

Emergency Contract Authority

408.1598, 06-07

The board is requested to authorize the chair, or vice chair in the chair's absence, to execute the documents, contracts, and change orders requiring board approval during the period between the November meeting and the January meeting, which actions if delayed until the January meeting would create operational or financial difficulties for the college. The president shall indicate in writing the reason that the document should be executed prior to the January board meeting. The president will provide this information to the full board for ratification at the next regularly scheduled board meeting, at which time the board may take any action that would not adversely affect any third party's rights.

Discussion: President Sasser asked Dr. Paul Hutchins to come forward and introduce guests to explain the articulation agreement with the Marion County School of Radiologic Technology. Dr. Hutchins recognized Mr. Dan Davis, Assistant Principal, Community Technical and Adult Education, School Board of Marion County, and Mr. Tim Richardson, Program Director, Marion County School of Radiologic Technology. Mr. Richardson said the agreement is an opportunity for working students to advance their educations and career prospects in jobs that offer good starting salaries. Dr. Hutchins noted this was an update to a long-standing agreement with Marion County and provided a great opportunity for our students.

Dr. Sasser asked Mr. Buz Bireline, Associate Professor, Zoo, to give an update on Boo at the Zoo and items 9.8-9.9. Mr. Bireline noted that Boo at the Zoo was a success. They had 6,511 people attend, distributed over 88,000 pieces of candy, and received over 5,000 donated canned goods that went to local charities. Under item 9.8, Mr. Bireline added the grant is a marketing tool to increase tourism at the zoo with additional advertising and a new ocelot exhibit. Funds for the project would come from the Tourist Development Council's "bed tax." Item 9.9 is a grant from the Junior League of Gainesville Community Project, which would fund new improvements at the zoo to increase tourism in Alachua County. The potential funds will pay for several phases of development at the zoo. Mr. Bireline introduced Ms. Tarah Jacobs, Zoo Educational Specialist, who spoke about the Rotary Reading Safari grant. The funds will be used in the after-school program for at-risk third graders at Lake Forest Elementary School that is part of the East Gainesville Initiative. Zoo students will have the opportunity to read books about animals to the children. The 6-8 week program will begin in January. If the program is successful, they hope to expand it to other schools.

Action: Motion to approve items 9.1 through 9.9: Jackson

Second: Mallini

Vote: Brashear - yes, Davis - yes, Jackson - yes, Mallini - yes, Womack - yes.

College Goal: Educational Programs - Provide learning opportunities and academic support to ensure the highest levels of academic performance.

Articulation Agreement with University of North Florida - Building Construction

408.1599, 06-07

This articulation agreement provides Santa Fe Community College AA graduates in Building Construction seamless entry into the University of North Florida's Bachelor of Science degree in Building Construction Management. While attending Santa Fe, the students may choose one of two options available for the AA degree. They may choose the traditional route and enter UNF to complete the final 64 hours of upper division coursework at UNF. While still at Santa Fe, the students may choose to take an additional 12 hours and transfer into UNF with only 52 hours remaining in the upper division. These additional 12 hours taken at Santa Fe are core classes currently offered in the AAS degree in Building Construction.

Biotechnology Articulation Agreement with Lake City Community College

408.1600, 06-07

This articulation agreement with Lake City Community College will facilitate articulation, acceleration, and efficient use of faculty, equipment, and facilities in order to provide students with an opportunity to earn a Biotechnology A.S. degree. The initial term of the agreement is for the 2007-2008 academic year and is subject to annual review and renewal at the end of that time.

Articulation Agreement with The Marion County School of Radiologic Technology 408.1601, 06-07

Santa Fe Community College (SFCC) and the Marion County School of Radiologic Technology (MCSRT) through the Marion County Community Technical Adult Education Center have agreed upon an articulation that will allow MCSRT students to earn an Associate of Science degree from SFCC. As stipulated in the articulation agreement, MCSRT students/graduates who earn a certificate and transfer their radiologic sciences coursework to SFCC, pass the national certification examination administered by the American Registry of Radiologic Technologists, and complete the required courses for the A.S. degree may be awarded the Associate of Science degree by SFCC.

The articulation agreement between SFCC and MCSRT will allow students to enter the healthcare profession with a college degree, thus providing a route for advancement within their chosen career. Career advancement is available through several routes including advanced degrees at the bachelor's and master's level. Additionally, an advanced certificate in Diagnostic Medical Sonography is available through SFCC's twelve-month DMS Program.

While the intent of this articulation is to assist graduates of the MCSRT in the advancement of their careers, it should be noted that North Central Florida is in dire need of qualified radiographers. This agreement is a collaborative effort to fill those needs by encouraging graduates to grow in their chosen field and provide much needed service to the community.

The initial term of the agreement is for one year, with renewal subject to annual review at the end of the first academic year. It shall be renewed on an annual basis unless either party provides the other written notice no later than 60 days prior to the expiration of the academic year.

Project AWARE: The Next Level - Business and International Education
Program - Title VIB -- Grant

409.1625, 06-07

The purpose of this project is to build on the foundation established by previous grant activities, and take students, college faculty, and the business community to the next level in export readiness and participation. The project has identified four program goals of enhancing international academic programs and providing services that expand the business communities export capacity. They are: 1) increase export capacity by providing export training and international perspective for faculty in support of the update and expansion of international business curriculum, 2) enhance academic programs by developing and implementing new international business programs and curriculum to increase student awareness of the interconnectedness of business and humanities area studies and the significance of exporting in a global economy, 3) enhance capacity of the business community to participate in export activities by providing training and export materials, and 4) increase American competitiveness through dissemination of grant curriculum and materials. Grant funding will provide services to approximately 50 faculty members, 1,500 students, and more than 500 business and community business representatives. This is year one of a two-year project.

The amount of funds requested from the US Department of Education, Business and International Education Program, is \$81,268, with a cash match of \$1,200 and an in-kind match of \$86,911 from Santa Fe Community College.

Duration of this project is July 1, 2007, through June 30, 2008.

Operating budget impact: From existing college budget

Board Action(s) Requested:

Approval of grant. Upon legal review and approval, the president or his designee, W. Harvey Sharron, Jr., Vice President for Development, is authorized to execute any agreements and related documents associated with this grant.

College Goal: Resources - Develop, obtain, and allocate the necessary resources to implement the college's mission.

Upward Bound Program -- Grant

409.1626, 06-07

The purpose of this project is to generate in participants the academic skills and personal motivation necessary to persist in completing high school and to enter and complete a program of post-secondary education. The project will serve at least 53 students per year from target schools in Alachua and Bradford counties. Students will participate in an academic year component (tutoring, supplemental instruction, and personal, academic, and career counseling) and a six-week, non-residential summer enrichment component. This is year one of a five-year grant.

The amount of funds requested from U.S. Department of Education, Office of Postsecondary Education, is \$277,410, with no matching funds from Santa Fe Community College. Estimated total funding for the entire five-year period is \$1.4 million.

Duration of this project is September 1, 2010, through August 31, 2011.

Operating budget impact: None

Tourism Product Development Program - Santa Fe Community College Spring Arts Festival -- Grant
409.1627, 06-07

The purpose of this project is to enhance the Santa Fe Community College Spring Arts Festival and to encourage tourism in Alachua County. SFCC Spring Arts Festival provides residents of Alachua County and visitors from across the United States the opportunity to appreciate works of art by some of this country's finest artists. The festival attracts more than 100,000 visitors each year.

The amount of funds requested from the Alachua County Tourist Development Council is \$35,000, with no matching funds from Santa Fe Community College.

Duration of this project is January 1, 2007, through December 31, 2007.

Operating budget impact: None

Tourism Product Development Program - Santa Fe Community College Teaching Zoo -- Grant
409.1628, 06-07

The purpose of this project is to enhance the Santa Fe Community College Teaching Zoo and encourage tourism in Alachua County. The purchase of radio and cable advertising and the distribution of promotional hotel keycards, combined with gifts, are expected to reinforce additional overnight stays in Alachua County. The construction of a new ocelot exhibit will prompt guests to visit the zoo and enjoy the new species.

The amount of funds requested from the Alachua County Tourist Development Council is \$58,000, with no matching funds from Santa Fe Community College.

Duration of this project is January 1, 2007, through December 31, 2007.

Operating budget impact: None

Junior League of Gainesville Community Project 2006-2007 - SFCC Teaching Zoo -- Grant
409.1629, 06-07

The purpose of this project is to construct new capital projects at the Santa Fe Community College Teaching Zoo in order to promote tourism in Alachua County. This development and advertising campaign that markets the zoo will target overnight lodgers to our community. Potential funds will pay for several phases of development at the SFCC Teaching Zoo, including additional safety barriers, a new entryway for the zoo, a gift shop, additional bathroom space, a new animal exhibit, professional signage, and an educational building. Approximately 30,000 visitors tour the zoo on an annual basis. It is estimated that this number will increase to 100,000 by the year 2010. This grant is to align community resources with or without the potential bed tax award to the SFCC Teaching Zoo. Phase 1 cost is \$259,000; Phase 2 cost is \$2,110,830; Phase 3 cost is \$532,500; Phase 4 cost is \$100,000; and Phase 5 cost is \$1,917,000.

The amount of funds requested from the Junior League of Gainesville is \$259,000 for phase I, with no matching funds from Santa Fe Community College. Grant funds will be used for the purchase and installation of new railings and security monitoring equipment.

Duration of this project is January 1, 2007, through December 31, 2007.

Operating budget impact: None
