Vice Chair Arley W. McRae called the regular meeting of the District Board of Trustees of Santa Fe College to order at 4 p.m., in the Wattenbarger Student Services Building, in Gainesville, Florida, followed by the Pledge of Allegiance.

Vice Chair McRae welcomed everyone to the May Board meeting and noted it was our second meeting going paperless and using the iPads to conduct business. Action was taken on the agenda items as indicated on the summary sheet.

The president asked Mr. Daniel Freed, our newly elected Student Body President, to discuss the platform on which he based his campaign and his future plans for the Student Body. Mr. Freed thanked the board for the opportunity to discuss his future plans and introduced the following student government leaders: Ms. Amber Gale, Student Body Vice President, Mr. Christian Keen, Student Senate President Pro-Tempore, and Ms. Rupa Bose, Student Senate President. He added that Ms. Kentucky Costellow, Student Body Treasurer, was unable to attend. He added that his platform was to engage the student body population in present activities and potential opportunities that exist within our community. He added this would include making available to students internships with local businesses, which would give them opportunities to network for future employment. Also, he stated that students benefit from our math and science labs and he would like to see the college add a language learning lab, which also would assist our international students.

The meeting adjourned at 4:50 p.m.

President's Report

Information Item

---

President Sasser recognized Ms. Debbie Blair, President of AFC; Ms. Marie Thomas, Career Service Council Chair; Dr. David Price, College Senate President; and Mr. Daniel Freed, newly elected Student Government President.

The president added that Interim Vice President Brown has appointed Dr. David Price as Interim Director of Student Life for the summer. He added that there is no other faculty member more suitable and dedicated for this position than Dr. Price and thanked him for his leadership. Dr. Price said he was looking forward to working with the students.

Dr. Sasser asked Dr. Price to share with the board the exciting event that took place yesterday on campus. Dr. Price said Student Life and the Santa Fe family planned a surprise welcome home for our ladies softball team on Monday. He said the team advanced all the way to the NJCAA National Tournament in St. George, Utah, and this was a major accomplishment for the team, and one to be celebrated. The girls ended the season with a 42-18 record, winning both the Mid-Florida Conference Championship and the Atlantic District Championship. Dr. Brown added that Coach Ahern received the honor of being named Mid-Florida conference coach of the year for the eighth time in the last nine years.

President Sasser noted the annual ice cream social for employees is June 12 at 2:30 p.m. in R-01 and invited Trustees to attend if their schedules allowed. Also, the board budget workshop and dinner is June 17 at 5 p.m. in S-329, with the board meeting scheduled the next day at 4 p.m. on the NW Campus.

Dr. Sasser asked Ms. Kathryn Lehman to introduce the special guests. Ms. Lehman noted that Dr. and Mrs. Bill Brown graciously donated a collection of over 5,000 letter openers to Santa Fe that is on display in S-29/30 and encouraged everyone to see it. She added that the letter openers represent every continent and will be learning tools for Santa Fe students. The collection of letter openers holds the world record as verified by Guinness World Records.

Strategic Planning

Information Item  
419.10, 12-13

---

Dr. Lisa Armour, Vice President for Assessment, Research and Technology, shared with the board a spreadsheet that was provided from the Aspen Institute briefing last week with Mr. Josh Wyner and his staff. She highlighted the section of the completion outcomes showing Santa Fe's results, along with the average and median of the top ten colleges. Also provided was the national average. Since Santa Fe was ranked so high in the different areas of completion, it was then asked why the college didn't win. Dr. Sasser commented that the other colleges made dramatic progress in the past two to three years, whereas Santa Fe's completion rate remains steady, since it is a major transfer college. It was noted that the next Aspen competition will be in 2015.

Dr. Armour provided the board with a draft time line for development of the Strategic Plan. She noted the progression of the time line from the input that the board provided at the March workshop along with the integration of information from other sources up to the present. She outlined the values and mission component along with the strategy component, and noted that the board will be invited to add input at college-wide workshops. The target completion date is the February board meeting in 2014. Trustee Mallini complimented the job done in placing structure in this process and thanked Dr. Armour for her hard work.

July 15, 2014	Watson Center

Information items 2.3 through 2.6:

Discussion: Dr. Sasser noted that in regard to item 2.4 it was an information item as the college prepares in developing its budget. He added that the Florida Legislature had agreed to an increase in the standard tuition rate of 3% for both lower and upper division credit courses, and as of yesterday, the Governor vetoed the increase.

---

Amended Rule 7.11: Fees

Information Item  
410.471, 12-13

---

The Florida Legislature has agreed to an increase in the *standard tuition* rate of 3% for both lower and upper division credit courses (Advanced and Professional, Post Secondary Vocational, Developmental Education, and Educator Preparatory), and non-credit courses (Postsecondary Adult Vocational) offered by the college. Authority has also been provided to establish a differential out-of-state fee for non-resident students enrolled in distance learning courses. Fees for students enrolled in Adult Education and Vocational Preparatory programs were not changed and shall be charged block tuition of \$30 term for residents and \$120 term for non-residents.

Recommended changes to fees will be presented by a proposed change to college Rule 7.11 in its entirety at the June Board of Trustee meeting. Any recommended fee increases are to be effective with the beginning of the fall term registration.

If the *maximum* tuition and discretionary fee rates were adopted (including the transportation fee at \$3 per credit hour), the estimated total annual increase for a full-time student taking 30 semester hours per year would be approximately \$408.00 for lower division credit courses.

Agreement with University of Florida - Veterans Affairs Counseling Services

408.2054, 12-13

---

This agreement has essentially the same terms and conditions as last year's agreement. It authorizes Santa Fe to provide services to University of Florida veterans and other eligible programs recipients. The SF veterans' affairs coordinator works 12 hours per week at the University of Florida for this purpose and maintains a group of UF veterans work-study students who staff the office during the rest of the week. This arrangement has worked well over the past years, and our coordinator is willing to continue in this position for another year. Under the terms of the agreement, the university will pay Santa Fe \$30,427.49 for the one-year agreement, which runs from July 1, 2013, through June 30, 2014.

Agreement with University of Florida - Athletic Training and Service  
Agreement for Athletic Trainer

408.2055, 12-13

---

This agreement between the University of Florida Department of Applied Physiology and Kinesiology, College of Health and Human Performance and the SF Athletics Department provides an opportunity for a UF graduate student to serve as an athletic trainer at Santa Fe for the 2013-2014 school year. The trainer will help plan, organize, coordinate, and supervise the sports medicine program for all intercollegiate sports within the college's intercollegiate athletic programs for an average of 25 hours per week at a cost not to exceed \$19,076.82. The terms and conditions are essentially the same as last year's agreement. The cost is a 6% increase from last year and represents an increase in tuition and fringe costs. The contract runs from August 15, 2013, through May 31, 2014.

408.2056, 12-13

---

This memorandum of understanding continues the successful program with the State Attorney's Office that commenced in 2001, and is essentially the same as the one currently in effect. It provides for alternative disposition and referral of minor crimes committed by Santa Fe students by handling them through the college's student judicial process instead of formal charges being sent to the State Attorney for prosecution. The term has been changed to on-going, commencing upon the last party to sign.

Carl D. Perkins Career and Technical Education (CTE) Postsecondary Programs, 409.1942, 12-13  
Section 132 Grant

---

The purpose of this project is to develop more fully the academic and career and technical skills of postsecondary education students at Santa Fe College and the Bradford-Union Technical Center who elect to enroll in career and technical education programs. This project provides assistance for student attainment of challenging state-established technical skills proficiencies and attainment of an industry-recognized credential, postsecondary degree, or certificate. Retention in or transfer to another two- or four-year postsecondary institution, along with placement in postsecondary education, employment, and/or military service will be emphasized. Another focus involves enrollment in and completion of CTE programs that lead to employment in nontraditional fields. Other special populations will also be served. The use of technology and contextual, integrated curriculum will be expanded. Connections between secondary and postsecondary education systems will be expanded. Business and industry partnerships will be incorporated. Approximately 4,300 students will be served.

The amount of funds requested from the State of Florida, Department of Education, Division of Career and Adult Education, is \$751,053, with no matching funds from Santa Fe College.

Duration of this project is July 1, 2013, through June 30, 2014.

Operating budget impact: None

**Board Action Requested:**

**Approval of grant. Upon legal review and approval, the president or his designee, Charles W. Clemons, Sr., Vice President for Development, is authorized to execute any agreements and related documents associated with this grant.**

Action: Approved. See item 3.1 (402.756).

Carl D. Perkins Postsecondary Rural and Sparsely Populated Grant

409.1942, 12-13

---

The purpose of this project is to fully develop the academic and career and technical skills of postsecondary rural students in Bradford County who elect to enroll in career and technical programs with special emphasis on information technology, STEM (Science, Technology, Engineering and Math) career clusters, and student industry certification. The purchase of equipment, software, and supplies will enhance STEM curriculum development and provide interactive classroom experiences at the Andrew Center and the Bradford-Union Technical Center in Bradford County. Dues and fees will be reimbursed to career and technical education postsecondary students taking industry examinations. Staff will also participate in professional development activities to expand their skills and learn about the latest trends in career and technical education. Printing and advertising funds will be used to recruit postsecondary students into career and technical programs and to promote awareness of STEM career opportunities in Bradford County.

The amount of funds requested from the State of Florida, Department of Education, Division of Career and Adult Education, is \$18,311, with no matching funds from Santa Fe College.

Duration of this project is July 1, 2013, through June 30, 2014.

Community College Administrator Program with Indonesia -- Grant

409.1943, 12-13

---

The purpose of this project is to implement a six-week study program in the United States for 16 Indonesian officials with higher education planning responsibilities and administrators from postsecondary vocational and technical institutions in Indonesia. The program will consist of an initial one-week program focused on approaches of the U.S. community college sector and educational development issues, followed by a structured five-week program including topics such as: administration, governance, finance, student affairs and student services, program assessment, leadership technology, workforce development, community engagement, private sector partnership, and distance learning.

This project is a partnership between the University of Florida as fiscal agent and Santa Fe College as a subcontractor.

The amount of funds requested from the Department of State through the Bureau of Educational and Cultural Affairs is \$73,857, with matching funds of \$27,661 from Santa Fe College.

Duration of this project is July 1, 2013, through June 30, 2014.

Operating budget impact: Funds from existing college budget

Mid-Florida Consortium - College Reach-Out Consortium (CROP) -- Grant

409.1944, 12-13

---

The purpose of this project is to strengthen the educational motivation and preparation of economically and educationally disadvantaged students in grades 6-12. The project will provide a four-week summer college experience for eligible 6<sup>th</sup>, 7<sup>th</sup>, and 8<sup>th</sup> graders. Additionally, the 9<sup>th</sup> graders will participate in a one-week residential component at the University of Florida. The project will also provide parent information sessions, after school homework club, orientation programs, career counseling, cultural field trips, student mentoring, and guest speakers. SF will be in a consortium with the University of Florida as the fiscal agent. Santa Fe College will serve a minimum of 145 students.

The amount of funds requested from the Florida Department of Education, Curriculum, Instruction and Student Services, is \$65,689, with a cash match of \$36,395 and an in-kind match of \$36,018 from Santa Fe College and various community partners.

Duration of this project is September 1, 2013, through August 31, 2014.

The Wells Fargo Employment Assistance Program -  
Displaced Homemaker Program -- Grant

409.1945, 12-13

---

The purpose of this project is to provide training funds for three women who meet the qualifications for the Displaced Homemaker Program (DHP) (35 years of age, work in the home, are not adequately employed, having difficulty finding employment, and have been dependent on income from another person which is no longer available, or are dependent on federal assistance and cannot receive federal financial aid). Upon completion of the DHP 60-hour program, they will be encouraged to continue with job training to enhance their skills so that they are more employable. This leads to economic self-sufficiency for themselves and their families. Often the short-term certificate programs are not eligible for Federal financial aid; hence, this grant would be used to assist these women by paying for Certified Nursing Assistant training, plus the required testing certification fees to make them job ready.

The amount of funds requested from the Wells Fargo Foundation is \$2,000, with no matching funds from Santa Fe College.

Duration of this project is July 1, 2013, through June 30, 2014.

Colonel Harry M. Hatcher, Jr., Property Survey 13-06

200.826, 12-13

---

Below and on the attached page are requests from the various custodians to remove property from their inventory for the reasons indicated. The college has a Property Survey Committee composed of representatives from around the college who review the departmental requests before they are presented to the board. The board is informed of the requests approved by the Property Survey Committee and the request of surplus that needs the approval of the board.

The Property Survey Committee met via email on April 23, 2013, to consider departmental requests to be relieved from inventory accountability. The committee members approved the following requests to remove the items listed below from the active property control inventory records. A detailed list of all items from each category is attached.

Category	Number of Items	Original Cost or Value Items > \$5,000 to be Removed from Inventory and Financial Records	Depreciation of Items > \$5,000	Total Book Value Items to be Removed from Inventory and Financial Records
Surplus Property	4	\$32,799.00	\$32,799.00	\$0.00
<b>TOTAL</b>	<b>4</b>	<b>\$32,799.00</b>	<b>\$32,799.00</b>	<b>\$0.00</b>

**Notes:**

Surplus Property is generally offered to Alachua and Bradford counties schools first. If the counties are not interested in these items, they will be offered to other non-profit organizations that have requested them. Items that are not requested will then be sold at a surplus auction.

Discussion: Ms. Ginger Gibson, Vice President for Administrative Affairs and CFO, reviewed items 4.1 through 4.4 individually. Ms. Gibson added that the college recently hired Identity Theft Loss Prevention, a consulting firm, to offer training to various departments about how to prevent identity theft. She added that after being on campus for two days and visiting several department areas to assess the processes, the company provided feedback, pointing out areas where the college was doing well and areas that needed improvement. The two areas that were identified as needing improvement were shredding of documents and the mail delivery area, which requires secure locations for pick-up and delivery of mail. It was noted that the college also received positive feedback for having secure areas like the IT Department.

Recommendation for Award of Request for Proposals #13-13:  
International Insurance

200.827, 12-13

A request for proposal (RFP) for insurance coverage for international students, professors, and the spouses and dependents of each was posted on March 1, 2013. The term of the agreement is for three years, with an option to renew for two additional three-year periods. There is no cost to the college for these services. All costs are paid by the insured individuals.

Four vendors submitted proposals: AIG, Collegiate Risk Management, Inc., Insurance for Students, Inc, and Insurance for College Students, LLC.

The RFP evaluation committee met on April 29, 2013, to consider the proposals. The committee reviewed the responses, and found Insurance for Students, Inc. to have the best proposal. Each proposal was graded on five criteria: Rates to Provide Required Services (100 possible points), Ease of Registration (25 points), Service and References (25 points), Quality of Proposal (10 points), and Bonus Points (10 points). A summary of the rankings appears below:

<u>Proposer</u>	<u>Cost / Rates</u>	<u>Ease of Registration</u>	<u>Service and References</u>	<u>Quality of Proposal</u>	<u>Bonus Points</u>	<u>Total</u>
Insurance for Students, Inc.	100	25	25	8	2	<b>160.0</b>
AIG	87.9	18	25	5	1	<b>136.9</b>
Insurance for College Students, LLC	71.1	25	25	8	4	<b>133.1</b>
Collegiate Risk Management, Inc.						*

\*Collegiate Risk Management, Inc. was found not responsive and could not be evaluated due to the following:

- a tiered pricing model (their score would vary based on the age of the insured individual)
- the proposal did not meet the minimum requirements for mental illness coverage, and
- the proposal did not provide the required references.

**Board Action Requested:**

**Approval for board chair to execute any necessary agreement(s) with Insurance for Students, Inc. following review by college legal counsel without further action by the board**

Amendment #5 to Sponsorship Agreement with Coca-Cola Refreshments, Inc.

209.195, 12-13

---

Coca-Cola ("Bottler") has been the exclusive on-campus provider of beverage vending since July 1, 2006. The current agreement extension ends June 30, 2013. Per the agreement, the college and Bottler have the option to renew the agreement through June 30, 2016, if mutually desired.

Since the agreement was renewed in 2011, Bottler has provided the following:

- 25 large recycling bins and will provide more as desired by the college
- Marketing/promotional assistance for the Zoo
- Sampling events to promote current products and introduce new products
- Several new machines and card readers to assure that the entire vending machine inventory remains updated

In consideration of the services provided since 2011, the marketplace, and information from an industry consultant, college staff recommended extension of the agreement.

The proposed amendment extends the agreement through June 30, 2016, which is the final renewal option available in the current agreement. A solicitation for these services will occur during the 2015-2016 fiscal year.

**Board Action Requested:**

**Approval of amendment**

Statewide Standardization of A.S. and A.A.S. Degree Programs

301.89, 12-13

---

Since 2002, the college has offered parallel A.S. and A.A.S. degree programs in several Career and Technical programs. In virtually all cases, the only difference between the degree programs was the presence of transferable general education courses in math and English within the A.S. programs, and the presence of more work-oriented math and writing courses in A.A.S. programs. In order to strengthen and clarify the eligibility of most A.S. programs for transfer to the upper division (and thus to a baccalaureate program), the state has undertaken and completed a rigorous process for distinguishing between transferable A.S. and non-transferable A.A.S. programs. Currently, in order to conform to this statewide change, and to strengthen the general education components of many of Santa Fe's A.S. programs, the college recommends an orderly phase-out of most A.A.S. programs. The college "teach-out" plan for A.A.S. students allows them to continue working toward completion under their current A.A.S. requirements or to switch to the A.S. program. However, because conforming these programs under the A.S. degree entails closing the parallel A.A.S. programs, board approval and a notice to SACS is required.

**Board Action Requested:**

**Approval**

Discussion: Dr. Ed Bonahue, Provost and Vice President of Academic Affairs, commented regarding item 5.1 that since 2002, the college has offered parallel A.S. and A.A.S. degree programs in several career and technical programs. He added that the only difference between the degree programs was the presence of transferable general education courses in math and English with the A.S. programs, and the presence of more work-oriented math and writing courses in A.A.S. programs. He noted in order to clarify the eligibility of most A.S. programs for transfer to the upper division (baccalaureate programs), the state has undertaken and completed a rigorous process for distinguishing between transferable A.S. and non-transferable A.A.S. programs. The college's plan for A.A.S. students allows them to continue working toward completion under their current requirements or to switch to the A.S. program. To conform these programs under the A.S. degree entails closing certain A.A.S. programs and requires board approval and a notice to SACS.

Credit and Postsecondary Adult Vocational Lab Fee Schedule for 2013-2014

301.118, 12-13

---

The attached credit and postsecondary adult vocational lab fee schedule is to be effective for the 2013-2014 academic year, beginning fall term 2013.

Methodology for Requesting and Assessing Laboratory Fees

Florida Statutes 1009.22 (9) Workforce development postsecondary student fees and 1009.23 (12) Community college student fees allow the assessment of user fees. State Board Rule 64A-14.054 (6) provides that each board of trustees may establish user fees in addition to tuition fees for services that incur unusual costs. Such user fees shall not exceed the cost of the goods or services provided and shall only be charged to students or agencies receiving those goods or services.

At Santa Fe, laboratory fees are assessed to students who are enrolled in classes that, because of their nature, require special funding not provided by regular tuition. Examples of items that would fall within the college's definition of unusual costs include, but are not limited to, the following:

- Specialized instructional software
- Specialized instructional equipment
- Equipment and software maintenance agreements
- Substantial photocopying
- Tutors, student assistants, and lab assistants
- Pass-through costs from third parties
- Instructional videos or tapes
- Instructor certification programs and required continuing education
- Liability insurance
- Hazardous materials-related charges
- Differential faculty pay when market adjustment is necessary

Fees are reviewed in academic departments on a rolling three-year cycle with exceptions being made for fees associated with new courses or with substantial curriculum changes in existing courses. The college review cycle by academic department is as follows:

Year 1 (2011/2012)	Year 2 (2012/2013)	Year 3 (2013/2014)
Academic Foundations	English	Social and Behavioral Sciences
Information Technology Education	Institute of Public Safety	Business Programs
Mathematics	Natural Sciences	Sciences for Health Programs
Nursing Programs	Cardiovascular Technology and Sonography	Radiologic Programs
Humanities and Foreign Languages	Visual and Performing Arts	Library
Respiratory Care	Dental Programs	Construction and Technical Programs
Student Development		EPI
Emerging Technologies		Education/Child Development

Fee requests or changes are initiated by the department's chair or director, and submitted to the Office of the Provost and Vice President for Academic Affairs for review **at least 45 days** in advance of the college's June District Board of Trustees' meeting. If approved by the Provost, the lab fee form is forwarded to the Coordinator for Curriculum and Scheduling. The coordinator compiles the complete list of fees for the upcoming academic year and submits the list to the Board of Trustees at the June meeting for approval. All new and changed fees become effective with the fall term.

---

The college has accepted the opportunity to host a German student through the Congress-Bundestag Youth Exchange for Young Professionals program for one year. This program has been in existence for 30 years and will complement Santa Fe's internationalization efforts. The program selected the student, who will enroll as a non-degree seeking student at SF for six credit hours and some combination of continuing education or community education courses for the fall semester. She will work full-time in a local business during the spring semester and will be hosted by a local family. No expenses will be incurred by the college.

Cooperation Agreement with Universidade Estadual Paulista (UNESP)  
“Julio de me Squita Filho”, Brazil

408.2063, 12-13

---

The proposed agreement will formalize and sustain a collaborative relationship with the *Universidade Estadual Paulista Júlio de Mesquita Filho* (UNESP), a multi-campus university located in the state of Sao Paulo, Brazil. Santa Fe College has been honored to host an UNESP faculty member and Fulbright Scholar-in-Residence, Dr. Regiani Santos Zacarias, during the 2012-2013 academic year as well as an agricultural scientist from UNESP, Dr. Alcides Leao, in late March of 2013. The attached document is a standard agreement that UNESP uses to initiate formal relationships with partner universities throughout the world. The agreement states that the two institutions will promote academic and cultural exchanges, develop joint projects and explore other areas of cooperation for an initial five-year period. Approval of this agreement will enable Santa Fe College to begin advertising its programs and recruiting Brazilian students on the UNESP campus. Specific details about future areas of collaboration, including study abroad programs, faculty exchanges and joint research projects, will be presented to the Board of Trustees as appendices to this cooperative agreement.

Santa Fe College Foundation Liaison Update and Board Members' Remarks

---

Reporting for the Santa Fe College Foundation, Inc., Trustee Mallini stated the Foundation office received a donation from the Earth Wonders Geological Museum. The museum located in Flagler County has donated its collection of minerals, fossils, faceted stones, and other items to the Foundation to display for use as a student learning laboratory and also for public viewing. The collection is valued at approximately \$71,600 and will be housed in the natural sciences building. He added that the online scholarship application process has been very successful with the three scholarship cycles this year. The first cycle has ended for high school seniors with 140 awards completed. The second cycle is in process for all students who plan to enroll during the fall term. This cycle will close on June 18. The third cycle will start in September with those awards for students in the spring term.
