President's Report

Information Item

---

The President will discuss a variety of information topics.

Discussion: Dr. Sasser thanked Dr. Cheryl Calhoun, Dean of Access and Inclusion, and her staff for hosting today's meeting.

The President then welcomed Gainesville City Commissioner Gigi Simmons. Commissioner Simmons thanked the Board and Dr. Sasser for having her at the meeting, as well as for their support and partnership within the community. She noted that she is a proud alumna of Santa Fe College and looks forward to the continued collaboration between the City of Gainesville and SF.

Dr. Sasser recognized Mr. Noah Hundley, Career Service Council Vice President; Mr. Alejandro Puga, Student Government President; Dr. David Price, College Senate President; and Mr. Tom Mason, AFC President. Ms. Kathie Russell, Presiding Officer of the Senate Executive Council, was unable to attend.

The President stated that the annual Women of Distinction Ceremony will be held on March 26, 2019, at the University of Florida Hilton and encouraged all to attend. He reminded the group that the February 19, 2019, board meeting will be on the Northwest Campus in Building WA-104 beginning at 4 p.m., and that a short tour of SF's renovated Dental Clinic will follow.

President Sasser asked SF Police Chief Ed Book to provide an update on the recent assault on the Northwest Campus. Chief Book noted that there has not been a sexual assault on campus since 2013, pointing out that the College strives to provide a safe environment for staff and students. He stated that the incident occurred Sunday evening between 7:30 p.m. and 9:00 p.m. near the track. A female reported to a friend that she was forced into a vehicle at knifepoint and sexually assaulted; the Santa Fe College Police were then notified. Chief Book stated that the College has since provided support services to the victim, both through SF's Counseling Center and the Alachua County Crisis Center's Victim Advocate Services. Additionally, to avoid any delays in processing evidence, the results of a UF Health forensic exam were hand delivered to the Florida Department of Law Enforcement in Jacksonville on Monday by SFPD officers.

Chief Book pointed out that video surveillance from the area is being reviewed with plans to re-interview the victim within the next week in coordination with Victim Advocate Services. He added that additional officers are working each night this week when classes are in session and, as always, will provide escorts to staff and students upon request. The Board thanked Chief Book and the SF Police Department staff for their diligent work with this case and their continued support of the victim.

President Sasser asked Dr. Dave Tegeder, Chair of Social and Behavioral Sciences, to introduce today's special guests. Dr. Tegeder thanked the Board for the opportunity to share information regarding the College's Model United Nations Program. He then

introduced Dr. Jennifer Forshee, Associate Professor of Social and Behavioral Sciences and Model UN Program Adviser, pointing out the considerable work she has done to expand the program over the last couple of years. Dr. Forshee stated that Model UN participants attend multiple conferences each year and noted that SF's Model UN team recently participated in a regional competition in Atlanta, Georgia, as well as a national competition in Washington, D.C. At nationals, the team won a distinguished delegation award, which is equivalent to second place. Additionally, Dr. Forshee stated that the College recently hosted the 13th Annual Florida Model UN Conference, with more than 300 college and university students in participation.

Dr. Forshee then introduced SF Model UN team members Mr. Philip Pappendick, Ms. Kathleen Conow, and Ms. Chantel Hover, who shared their positive experiences in competitions and how transformative they have found the Model UN to be in the development of leadership qualities and teamwork skills that extend beyond the organization to other activities. The Board congratulated the students on their accomplishments and thanked Dr. Tegeuder and Dr. Forshee for their leadership.

Strategic Planning

Information Item  
419.62, 18-19

---

Dr. Lisa Armour, Vice President for Assessment, Research, and Technology, will provide an update on strategic planning.

Discussion: Dr. Sasser asked Dr. Lisa Armour, Vice President for Assessment, Research, and Technology, to provide an update on Strategic Planning. Dr. Armour stated that staff members from the Information Technology Services “ITS” Department will demonstrate a new online student support tool called “My Financial Aid Status” for the Board. Dr. Armour pointed out that this new portal supports the achievement of three of the College’s strategies: making it easier to do business with SF; meeting students where they are; and guiding and supporting students along the way.

She then introduced Mr. Byron Burdette, Application Developer; Mr. John Chapman, ITS Director; and Ms. Nasrin Rezaei, ITS Administrator, all of whom contributed significantly to the development of this new tool. Mr. Burdette demonstrated its operation with a step-by-step visual walk-through of what students will see when they access the page. He noted the different alerts students might encounter and the resources that will be available to support them, allowing the process of applying for and receiving financial aid to be simple and efficient.

Ms. Kamia Mwango, Director of Financial Aid, stated this will be a powerful tool for students and parents and that this initiative will assist students tremendously in applying for financial aid. She thanked ITS for its role in developing this innovative new tool, expressing her excitement for its launch.

***College Goal: Human Resources - Recruit, develop, assess,  
and retain quality full- and part-time faculty and staff.***

Presidential Selection

Information Item  
411.434, 18-19

---

To be presented at the meeting.

Discussion: Chair Prevatt voiced high regard for President Sasser's leadership during his time at the College and noted the importance of the Board's full participation in the selection of a new President who will continue to ensure the success of Santa Fe College. Chair Prevatt asked Trustee Mallini to serve as the Chair of the Presidential Search Committee, and Trustee Mallini accepted the position.

Chair Prevatt asked Ms. Patti Locascio, Vice President and General Counsel, to provide a brief overview of what the Board can expect over the next year. Ms. Locascio shared Rule 3.1: Appointment/Dismissal of President that explains the role of the Board in the event of a presidential vacancy. She noted that within the last 17 years, there have been no changes in the procedures for recruiting and hiring a college president. However, she added that the biggest advancement for SF will be the robust use of a Presidential Search webpage to keep the public informed of the search's major developments and overall progress. Ms. Locascio also pointed out that a Presidential Selection item will appear on the board agenda each month to ensure that the Trustees remain involved and up to date with the search process.

Ms. Locascio continued by stating that the College has already begun to receive information from interested consultants, and that college staff will meet with Trustee Mallini before the end of the month to discuss retaining a consultant; forming a search committee; advertising and recruiting for the position; formulating a presidential profile; including faculty, staff, students, and members of the community in the search process; and other necessary steps, with the ultimate goal of hiring the new SF President no later than the November 2019 board meeting with a start date of February 1, 2020.

Continuing Contracts Candidates for 2019-2020

Information Item  
402.815, 18-19

---

The following faculty members have successfully completed five years of instructional service to the College with comprehensive annual evaluations. The five-year evaluation process culminated with an extensive self-evaluation, peer review, and ultimately a peer vote. Based on satisfactory evaluation, affirmative peer vote, review, and recommendation by the academic department supervisor with the support of the Provost and Vice President of Academic Affairs and the College President, the following faculty members are being considered for recommendation of the award of continuing contract for the 2019-2020 contract year. Recommendations will be sent to the Board in February 2019 for approval.

Nikolas Bajorek	Assistant Professor, English
Georgia Bianchi	Assistant Professor, Social and Behavioral Sciences
David Disalvo	Assistant Professor, Medical Imaging
Laure Frank	Assistant Professor, Nursing Programs
Michelle Freas	Assistant Professor, Humanities and Foreign Languages
Lila Guertin	Assistant Professor, Medical Imaging
Kelli Harker	Assistant Professor, Nursing Programs
Margaret Howell	Assistant Professor, Science for Health Programs
Patrice Jones	Assistant Professor, Business Programs
Brian Lee	Assistant Professor, Natural Sciences
Sherry Lindsey	Assistant Professor, Nursing Programs
Ritsa Mallous	Assistant Professor, Childhood Development and Education
Amy McBreen-Babb	Assistant Professor, Physical Therapy Assistant
Sherry McClain	Assistant Professor, Mathematics
James Nichols	Assistant Professor, ITE Networking
Amy Ridley	Assistant Professor, High School Dual Enrollment
Melanie Roberti	Assistant Professor, Natural Sciences

Discussion: President Sasser asked Dr. Ed Bonahue, Provost and Vice President for Academic Affairs, to review the Continuing Contract Candidates. Dr. Bonahue stated that the faculty members presented are being considered for continuing contracts for the 2019-2020 contract year after having completed five years of instruction and service to the College. The continuing contract review process, Dr. Bonahue pointed out, requires an extensive self-evaluation, peer review, and peer vote, and each successful candidate must meet the Santa Fe College standard based on satisfactory evaluations, affirmative peer votes, and recommendation by their academic department, Provost, and the President. He added that final recommendations will be brought back to the Board for approval at the February 19, 2019, board meeting.

Standard Construction and Technical HVAC Program Agreements for  
Student Field Experience with:  
    Browning Heating & Air Conditioning, LLC  
    Stellar Services of North Florida, LLC

Information Item  
408.2412, 18-19

---

These agreements with Browning Heating & Air Conditioning, LLC and Stellar Services of North Florida, LLC in Gainesville, FL will allow students in the Heating, Ventilation, and Air Conditioning Program to gain field experience during their final semester through job shadowing. Each field experience opportunity will include eight weeks of classes with rotation every two weeks between contractors and parts houses. Students will shadow a technician, warehouse person, parts house person, or sales person and gain experience in all aspects of the industry. The students will be monitored daily by the current instructors, having the student, the company representative, and the instructor providing written confirmation of activities observed that day.

***College Goal: Outreach and Access - Identify, assess, and meet community needs to promote open access to the College.***

Citizen's Requests

423.69, 18-19

---

Subject to exceptions set forth in Florida law, members of the public shall be permitted to be heard on a proposition pending before the Board during this agenda item prior to the Board taking action on the proposition. An individual wishing to be heard shall complete the Citizen's Request form maintained by the Board Secretary (College President) at least fifteen minutes in advance of the meeting and shall be allotted up to three minutes to address any issues, whether the issue is on the board agenda or not; the Board Chair may allow limited extended time at the Chair's discretion. If a group consisting of more than five individuals wishes to be heard on a subject, the group must designate a representative to speak on its behalf.

Discussion: Chair Prevatt asked if there were any requests from citizens. Dr. Glynn Hayes, Adjunct Professor of Physical Sciences, asked to address the Board on behalf of members of the Faculty Forward Movement who aim to become part of the Service Employees International Union.

Dr. Hayes stated that he has worked for Santa Fe College for 10 years as an Adjunct Professor and that he values being part of a College community that is continually striving to maintain the highest level of academic quality and student success. Dr. Hayes noted that in his role, he has sought to maintain the same level of excellence that SF is known for. However, he pointed out that adjuncts like himself are undercompensated and receive no benefits, at times requiring them to work multiple jobs to make ends meet. Without adequate pay and without the assurance that they will be offered a teaching position each semester, Dr. Hayes stated that adjuncts feel undervalued despite their dedicated service to the College. He shared his understanding that adjuncts teach more than 50% of SF classes and represent over 70% of the faculty, stating that adjunct instructors are as committed to their students as full-time faculty members. He expressed his belief that joining the Faculty Forward Movement and becoming unionized will lead to better wages and working conditions that will benefit both adjunct employees and the College overall.

Chair Prevatt thanked Dr. Hayes for his comments.

Colonel Harry M. Hatcher, Jr., Property Survey 19-04

200.931, 18-19

---

Below and on the attached page are requests from the various College custodians to remove property from their inventory for the reasons indicated. The College has a Property Survey Committee composed of representatives from around SF who review the departmental requests before they are presented to the Board for approval.

The Property Survey Committee met via email on December 4, 2018, to consider departmental requests to be relieved from inventory accountability. The committee members approved the following requests to remove the items listed below from the active property control inventory records. A detailed list of all items from each category is attached.

Category	Number of Items	Original Cost or Value Items > \$5,000 to be Removed from Inventory and Financial Records	Depreciation of Items > \$5,000	Total Book Value Items to be Removed from Inventory and Financial Records
Surplus Property	7	181,427.02	181,427.02	0.00

Amended 2018-2019 Salary Schedule

405.124, 18-19

---

President Sasser is pleased to recommend that a substantial portion of non-recurring performance funds earned by the College be used to provide supplemental pay to full-time and part-time employees of the College as described below and in the proposed Amended 2018-2019 Salary Schedule.

The President recommends approval of a one-time, non-recurring supplement of \$1,250 for all full-time employees that are employed as of April 1, 2019, for services to be performed from February 1, 2019, through March 31, 2019, or a prorated share based on the days of full-time employment for this period. The supplement will be paid on or about the April 30, 2019, pay date.

The President also recommends approval of a one-time, non-recurring supplement of \$375 for personnel with an active part-time primary appointment on or after February 1, 2019, through and including April 1, 2019, who perform services during the time period of February 1, 2019, through March 31, 2019. The supplement will be paid on or about the April 30, 2019, pay date. This excludes any work study appointments funded through Financial Aid so as not to jeopardize the eligibility of any student who is benefitting from Financial Aid as a work study student.

The 2018-2019 Salary Schedule is being updated in the following sections to reflect these adjustments: page 11: Contract Personnel (Administrative and Professional); page 26: Contract Personnel (Faculty); page 37: Career Service Personnel; and page 43: Information Technology Personnel.

Additionally, the new title of Academic Technologies Specialist is being added to paygrade B of the Technical and Professional Salary Range in the Contract Personnel (Administrative and Professional) section.

I Building Physics Lab Renovation/Remodel – Consolidation of Phases and Revised Budget

412.1189, 18-19

---

Project Background & Description:

This project was originally planned to have two phases involving the design, renovation, and remodel of 6,715 square feet in Building I to create new studio-style Physics teaching spaces to better suit modern instructional methods. Phase I includes heavy renovation and remodel of 2,265 square feet in the former ESL tutoring lab and office space at the west end of Building I to create additional Physics labs and classrooms. Phase II includes moderate-to-heavy renovation and remodel of 4,450 square feet of the existing Physics labs in the middle of Building I to create larger teaching spaces. Both phases include reconfiguring walls to optimize use of space, updating all interior finishes, installing state-of-the-art lab equipment and classroom technology, and providing new furnishings, as well as significant improvements to mechanical, electrical, and plumbing systems.

As identified in the Educational Plant Five-Year Survey Report, the College's Northwest Campus has a significant deficit of Natural Sciences lab and classroom space. On June 19, 2017, the Board approved the allocation of operating funds to the 2017-2018 Unexpended Plant Fund (Fund 7) to renovate and remodel this portion of Building I to help reduce the deficit of science lab space. This allocation was expected to cover all costs associated with Phase I and a significant portion of Phase 2. On February 20, 2018, the Board approved a project budget for Phase 1 in the amount \$682,660. Upon completion of Phase 1, College staff planned to review available funding, seek additional funds if required, and request project budget approval for Phase 2.

Project Status:

During the design of Phase 1, faculty and staff determined that the available space could be better used if the two phases were combined into one project. Consolidating the two phases into one project would also be faster, less disruptive, and more cost effective. The Natural Sciences Department developed a plan to temporarily relocate classes from Building I with the goal of consolidating the project phases.

The estimated project cost for the consolidated project is \$1,807,080, including design, construction, and furnishing and equipping the labs. Additional funds for the balance of the project were allocated as part of the 2018-2019 Unexpended Plant Fund (Fund 7), as approved by the Board on September 18, 2018.

Architect/Engineer:	Kail Partners
Contractor/Construction Manager:	TBD
Florida Building Code Inspector:	In-house
Estimated Project Budget:	\$1,807,080

Budget Amendment #1, 2018-2019 Unexpended Plant Fund  
Budget (Fund 7)

201.858, 18-19

---

The 2018-2019 Unexpended Plant Fund (Fund 7) is used to account for resources that are available for the acquisition or construction of physical property to be used for institutional purposes and resources designated for the major repair and/or replacement of institutional property, as well as associated liabilities.

The 2018-2019 Beginning Unexpended Plant Fund Budget approved by the Board in September 2018 totaled \$48,807,381.28. College staff recommend the following changes to this budget:

- Add \$1,500,000 for the Health Science Programs Clinical Simulation - Building W Renovation Project
- Add \$2,824,230 for Phase 1 of the Institute for Technology and Advanced Manufacturing Building
- Add \$516,739.54 for the Foundation matching funds pledged for the Blount Center Expansion Project to be spent before the 2017-18 PECO State Appropriation
- Reduce the grant allocation for the Plumbing and Fixture Retrofit project by \$5,613.95
- Add \$8,177.81 of interest earnings to the Energy Conservation Projects

International Travel

101.154, 18-19

---

The College is committed to international and intercultural education and globalization efforts. International education is an integral component of the College's mission, and the College seeks to create an environment where teaching and learning is augmented and enhanced by international study for faculty and by student-centered educational opportunities that prepare students for successful participation in the global community. International travel is just one of the ways in which the College's mission for international education is accomplished.

All international travel is subject to the requirements stated in the existing rules, regulations, and guidelines.

The College is seeking permission to allow the following college officials to participate in international travel opportunities in the coming months:

**Dr. Vilma Fuentes, travel to Johannesburg and Pretoria, South Africa, March 1 - 10, 2019**

Dr. Vilma Fuentes, Vice President for Academic Affairs, is the project co-director for the tenth Community College Administrator Program (CCAP), developed in partnership with Florida State University and funded by the U.S. Department of State. In preparation for the program, Dr. Fuentes will travel to South Africa to meet with government officials, visit technical colleges, and help recruit participants for a South African CCAP scheduled to take place during the Fall 2019 Semester. Dr. Fuentes has travelled extensively in Asia, Europe, and South America both privately and as part of official Santa Fe College business. Transportation in South Africa will take place via taxi and chartered vehicle, often in the company of U.S. Embassy officials. This international travel will be funded by the U.S. Department of State. No travel warning has been issued for South Africa.

**Michelle Freas, travel to Chernihiv, Poltava, and Ternopil, Ukraine, March 3 - 10, 2019**

Michelle Freas, Assistant Professor of American Sign Language, will visit and lecture at the Technical College of Ternopil Ivan Puluj National Technical University, the Ukrainian Society of the Deaf, and the Ukrainian Association of Light Industry. She will fly into the capital of Kyiv and travel by train to Ternopil. All transportation in Ukraine will take place by car or train and in the company of administrators from the Technical College of Ternopil or alumni from the Community College Administrator Program. This travel will be funded by SF's International Education Office and the Technical College of Ternopil. A travel warning is in place for travel to eastern Ukraine and Crimea only. The central and western region of the country have no travel warnings. The College has international travel insurance that will cover travelers in the case of medical emergency, auto accident, sickness, security and political evacuation, kidnap or ransom, accidental death, and repatriation. Worker's Compensation will not cover Santa Fe College employees traveling to Ukraine, but staff are prepared to use personal medical insurance if required.

**Kasey Brandt, travel to Indonesia, May 11 - 18, 2019**

Kasey Brandt, Assistant Professor of Nursing, will visit and lecture at Atma Jaya University in Jakarta, Indonesia as part of a faculty exchange program. All transportation in Indonesia will take place by car and in the company of Atma Jaya staff. This travel will be funded by SF's International Education Office and Atma Jaya University. No travel warnings have been issued for Indonesia.

**Dr. Dustin Fridkin, travel to China, May 23 - June 6, 2019**

Dr. Dustin Fridkin, Assistant Professor of Political Science, will travel to China as part of a faculty exchange program with Beijing Union University (BUU). He will provide guest lectures, contribute to classroom discussions, learn about China's political culture, and help deepen the collaboration between Santa Fe College and BUU. All transportation in the country will take place by bus or private vehicle and in the company of BUU staff. This travel will be funded by SF's International Education Office and BUU. No travel warning has been issued for China.

**Dr. David Price, travel to London and Brighton, United Kingdom June 16 - 20, 2019**

Dr. David Price, Professor of Social and Behavioral Sciences, will travel to London and Brighton in the United Kingdom to deliver a presentation at the 2019 Conference on International Teaching and Learning hosted by the Political Science Association. All transportation in the United Kingdom will take place via car or train. No travel warning has been issued for the United Kingdom.

Travel dates are subject to change.

**Board Action Requested**

**Approval of international travel and authorization for college officials to modify dates of travel upon approval of the President or his designee**

Discussion: President Sasser thanked Dr. Vilma Fuentes, Associate Vice President for Academic Affairs, for her outstanding leadership advancing the College's international travel opportunities.

Cooperation Agreement with Poltava National Technical Yuri  
Kondratyuk University, Ukraine

408.2413, 18-19

---

This Cooperation Agreement will initiate a new collaborative relationship with Poltava National Technical University (PoINTU) in Poltava, Ukraine. SF and PoINTU have already collaborated through various grants sponsored by the U.S. Department of State, including PoINTU hosting four Santa Fe College administrators and four SF students for two separate events. Approval of this agreement will enable SF and PoINTU to explore new areas of potential collaboration outside of those that have been facilitated through federal grant projects. Under this agreement, the two institutions will work on potential student mobility programs, faculty exchange programs, educational information sharing, joint degree programs, and other areas of mutual interest. The agreement will remain in effect through December 21, 2023, unless either party terminates the agreement with ninety days notice.

**Board Action Requested**

**Approval**

Discussion: With regard to an issue related to items 9.4 and 9.5, Ms. Patti Locascio, Vice President and General Counsel, stated that at the November 13, 2018, board meeting, the Memorandum of Understanding for Governmental Entity Access to the Driver and Vehicle Information Database System (DAVID) with the Florida Department of Highway Safety and Motor Vehicles (FDHSMV) for the Office of the Registrar was approved in concept with delegated authority to the Board Chair to execute the final agreement when complete. She reminded the Board members that this MOU allows SF to access the DAVID system to verify Florida residency for tuition purposes. Ms. Locascio stated that since the November board meeting, the FDHSMV has asked that an indemnification clause that the College removed remain in the agreement, despite the fact that this type of clause had been successfully removed from all prior agreements with the FDHSMV.

Additionally, Ms. Locascio pointed out that the Registrar's Office must execute a second agreement with the FDHSMV, the Memorandum of Understanding for Driver's License and/or Motor Vehicle Record Data Exchange. This MOU also assists with residency verification and has not yet been presented to the Board. Ms. Locascio stated that as with the DAVID agreement, the FDHSMV has asked that this agreement include an indemnification clause.

Ms. Locascio advised that although she is still working with the FDHSMV in hopes that these clauses can be removed and that Vice President Gibson is working to confirm insurance coverage and appropriate audit compliance, the agreements must be finalized and submitted by early February in order for the Registrar's Office to maintain access to these systems and continue normal operations. After an extensive discussion exploring the College's options and risks, the Board asked Ms. Locascio to continue negotiations with the FDHSMV and, if necessary, expressed their support for Chair Prevatt to execute the agreements with the addition of the indemnification clauses prior to the deadline.

Institutional Agreement to Participate in the Concurrent Admissions  
Program (ConAP) with the U.S. Army Recruiting Command

408.2414, 18-19

---

This agreement with the U.S. Army Recruiting Program permits the College to participate in the Army's Concurrent Admissions Program. The program allows the Army Recruiting Command to link new enlistees to SF at the time of enlistment in the Army or the Army Reserve. The future soldiers will state their intent to enroll at SF during or after their enlistment and SF will acknowledge their intent to enroll by sending information about the College to the enlistees. As the agreement allows staff in the Veterans and Military Success Center to partner with local army recruiters, this agreement will assist in increasing the number of veterans and active duty students at the College.

Fourth Amendment to the Agreement for Temporary Employment  
Services with Temp Force, LLC

408.2420, 18-19

---

For many years, the College has enjoyed a successful relationship with Temp Force, LLC to provide employment services to SF.

In light of the College's increased budget based on receipt of additional non-recurring funds, the President has made arrangements for funding for Temp Force talent assigned to SF as follows: Temp Force personnel who are actively working at Santa Fe College as of February 1, 2019, and who remain employed by Temp Force and are regularly working at the College through and including April 1, 2019, may receive a one-time, non-recurring wage supplement in the amount of \$375 for services performed during the above-referenced time period, to be paid on or about the week of April 15th.

The proposed Fourth Amendment outlines the contract changes necessary to accomplish this goal and calls for a negotiated mark-up of 17.28%, which is substantially less than the mark-up provided for in the existing contract.

2018 Defraying Costs of Enrolling Displaced Students Program Grant

409.2230, 18-19

---

This grant funding will reimburse the College for the tuition waived for qualifying students who were displaced by Hurricane Maria during the Spring 2018 and Fall 2018 Semesters (in the 2017-2018 and 2018-2019 fiscal years, respectively). The requested funds are the difference between in-state tuition and out-of-state tuition, as these students were only charged the in-state tuition rate to attend Santa Fe College.

The amount of funds requested from the U.S. Department of Education is \$38,658, with no matching funds from Santa Fe College.

Duration of this project is January 1, 2018, through June 30, 2019.

Operating budget impact: None.
