

Santa Fe College
District Board of Trustees

Minutes of Board Meeting Held July 16, 2019
Davis Center, Archer, Florida

Members present: G.W. Blake Fletcher, Michael M. Goldwire, Robert C. Hudson,
Caridad E. Lee, G. Thomas Mallini, Lisa M. Prevatt, Robert L.
Woody

Members absent: Jeffrey L. Oody

Chair Lisa M. Prevatt called the regular meeting of the District Board of Trustees of Santa Fe College to order at 4:02 p.m., at the Davis Center in Archer, Florida, followed by the Pledge of Allegiance.

Action was taken on the agenda items as indicated on the summary sheets.

President Sasser thanked Ms. Shellie Banfield, Director of the Davis Center, for hosting today's meeting and asked her to provide the Board with an update on the center. Ms. Banfield stated that the Davis Center opened for classes in August 2003. She pointed out that she began her tenure at the center in 2004 teaching Adult Education courses and became the Director in February 2011. Ms. Banfield introduced her front desk staff members, Mr. Brock Wilson, Ms. Shawn Hinds, and Ms. Alyssa Houchens. She added that each of these employees earned an associate degree at Santa Fe College and is currently working toward a bachelor's degree. She continued by introducing Davis Center staff Ms. Darlene Skidmore, Adult Education Specialist, and Dr. Nicole Keith, Academic Adviser, as well as two members of the Davis Center's Advisory Board, Ms. Janice Shepard and Ms. Helen Stephens. She expressed her excitement with having assembled such an amazing group to serve students, faculty, and community members in Archer.

Ms. Banfield continued, stating that for the fall term, the Davis Center will serve approximately 77 High School Dual Enrollment students from local high schools in Levy County, both public and private, along with homeschooled students from Alachua and Levy Counties. She further noted that the Davis Center will be offering its largest number of classes this fall. Happily, Ms. Banfield pointed out that students are now able to earn their entire AA degree at the Davis Center, as the addition of two lab courses and foreign language courses completed the degree requirements.

Ms. Banfield expanded on an upcoming event at the center, where 12 Upward Bound Program students will participate in a two-week camp to build their own electric guitars as part of the Guitar, Robotics, and Rocketry Advanced Technical Education (GRRATE) grant. Additionally, she highlighted new course offerings associated with the GRRATE grant that will begin in the fall and which will allow students to earn college credit as they learn science, technology, engineering, and mathematics (STEM) skills while also building an electric guitar. Ms. Banfield pointed out that both programs provide an excellent opportunity for students to learn STEM skills through an engaging project.

The meeting adjourned at 5:02 p.m.

President's Report

Information Item

The President will discuss a variety of information topics.

Discussion: Dr. Sasser recognized Dr. Julie McGrath, Career Service Council Chair; Ms. Kate Santacruz, Student Government President; and Dr. David Price, College Senate President. Ms. Kathie Russell, Presiding Officer of the Senate Executive Council, and Mr. Tom Mason, AFC President, were unable to attend.

President Sasser asked Dr. Naima Brown, Vice President for Student Affairs, to provide an update on recent initiatives in Bradford County. Dr. Brown discussed a meeting that occurred this morning with Mr. James Simpson, Principal of Bradford High School (BHS), to expand the relationship between SF and BHS. Dr. Ed Bonahue, Provost and Vice President for Academic Affairs, and Dr. Lisa Armour, Vice President for Assessment, Research, and Technology, accompanied her to the meeting, which she described as very productive. Dr. Brown was pleased to announce that five students in the Upward Bound Program will be working in the BHS front office during teacher-prep week. She explained that the students will gain valuable work experience and sharpen their professional skills while being compensated for their work from Upward Bound's grant funding. Overall, she reported that thirty students will be placed in professional settings through this program.

Dr. Brown expanded upon future events and opportunities for BHS students, including SF giving awards to BHS pupils during the Martin Luther King event on January 19, 2020, and hosting a Gap Seminar for BHS graduates in STEM fields to share their experiences and provide educational motivation. Dr. Brown stated that there will also be upcoming sports clinics for basketball and volleyball, and a My Brother's Keeper enrichment conference, which will provide black male students an exclusive opportunity to access important college information. Additionally, a scholarship essay writing lab will be held on September 21, 2019, to assist students with their writing skills and help prepare them for future opportunities. She pointed out that SF will hold a second writing lab during the spring term.

Dr. Brown continued by sharing that Dr. Amour will host events for BHS staff members in professional development that will include information on "Navigating the College Experience" related initiatives and developing a growth mindset in students. Further, under the leadership of Dr. Bonahue, Dr. Brown announced that the College has realigned the morning class schedule at the Lillian Stump building, part of the Andrews Center, to accommodate the BHS calendar and better assist students in developing their joint class schedules.

In closing, Dr. Brown stated that an invitation has been extended to Principal Simpson to attend bimonthly meetings with African American pastors and business owners in the community. She also noted that BHS will send out information to all BHS students and parents concerning the upcoming events shared today.

Dr. Sasser thanked Dr. Brown for her report. He then turned the group's attention to the 2019-2020 SF Student Ambassadors and their Adviser, Mr. Thomas Garvey, welcoming them to the board meeting and asking the Ambassadors to introduce themselves. Ten of the twelve Student Ambassadors attended and shared where they are from and what their future expectations are while attending SF. Dr. Dan Rodkin, Associate Vice President for Student Affairs, added that these students are extremely competent in their roles and bring a broad range of backgrounds and skills to the program. Dr. Rodkin also complimented Mr. Garvey on the leadership he has provided.

President Sasser asked Dr. Rodkin to share information on a new grant related to the SF Teaching Zoo. Dr. Rodkin stated that funds from agenda item 4.12: SF Teaching Zoo – Sensory Inclusive Certification Grant will be used to acquire KultureCity's Sensory Inclusive Certification, which will allow individuals with special sensory needs, such as those with an autism spectrum disorder, to visit the zoo in a more accessible manner. He continued by sharing that an event is planned for September 28, 2019, called "Quiet Time at the Zoo," which is sponsored by the UF Health Center for Autism and Related Disabilities and its Advisory Board. Over \$4,000 was contributed by the group and several medical practices in Gainesville to help underwrite the cost of the event and to further fund the zoo's efforts to earn the Sensory Inclusive Certification. Dr. Rodkin stated that the zoo expects to earn the certification this fall.

Dr. Sasser reminded the Board that there will be no August board meeting, noting that the next regularly scheduled board meeting will be held on September 17, 2019, at the Perry Center in Alachua beginning at 4 p.m. He closed by stating that Convocation will be held on August 19, 2019, at 8:30 a.m., in the Fine Arts Hall.

Strategic Planning

Information Item
419.67, 19-20

Dr. Lisa Armour, Vice President for Assessment, Research, and Technology, will provide an update on strategic planning.

Discussion: Dr. Sasser asked Dr. Armour to provide an update on Strategic Planning. Dr. Armour shared how reconfiguring the schedule for the Nursing Assistant Certificate Program is helping to achieve the College's Strategic Planning objectives. For 2019-2020, students in the program will attend on a part-time basis, three half-days or three evenings (over 15-week terms), instead of four full days each week (over five-week terms), as they did in the 2017-2018 and 2018-2019 school years. Dr. Armour pointed out that many students found it difficult to commit to four full days every week while juggling their other responsibilities. The revised schedule meets the College's Strategic Planning goals of consistency and availability of services (by offering class formats that meet students' needs for flexible and nontraditional scheduling) and developing the regional workforce (by strengthening academic and career lattices). Further, she noted that as a point of entry for the nursing profession, the Nursing Assistant Certificate provides a foundation for students to pursue increasingly advanced areas of study. Dr. Armour explained that this type of programmatic change not only better serves SF's students, but also boosts enrollment. Provost Bonahue added that there is a great demand for nursing assistants and nurses in the College's service district, revealing that in Bradford County, Shands Starke Regional Medical Center is the leader in hiring, followed by nursing homes.

Presidential Selection

Information Item
411.447, 19-20

To be presented at the meeting.

Discussion: President Sasser asked Trustee Mallini to provide an update on the Presidential Search. Trustee Mallini, Chair of the Presidential Search Committee (PSC), stated that the deadline for applications, July 15, 2019, has passed, and that the consultants from AGB Search have reported receipt of 61 completed applications. Trustee Mallini pointed out that there is strong diversity among the applicants and explained that the PSC will review all the applications as a group on August 2, 2019, and August 16, 2019, to select the strongest candidates for semi-finalist interviews with the Committee in early September 2019. Trustee Mallini continued by stating that the Board will interview finalists at the end of September and early October and asked the Board to submit their proposed interview questions to Ms. Deborah Ackerman, Executive Assistant to the Vice President and General Counsel.

Community Education Enrich Brochure – Fall A Term and
Continuing Workforce Education Enhance Brochure – Fall Term

Information Item
415.179, 19-20

In accordance with Rule 7.11, the President is authorized to approve fees for Community Education courses and programs. Total fees collected must be equal to at least 100% of the total costs of the Community Education course or program within the fiscal year. A draft of the Community Education brochure (“Enrich”) containing the list of courses, programs, and associated fees was reviewed and approved by the President at the July 9, 2019, Cabinet meeting and is provided for reporting to the Board. Changes may be made as needed.

In accordance with Rule 7.11, the President is authorized to approve fees for Continuing Workforce Education (CWE) courses and programs. Total fees collected must fully support the expenditure of the CWE program within the fiscal year. A draft of the CWE brochure (“Enhance”) containing the list of courses, programs, and associated fees was reviewed and approved by the President at the July 9, 2019, Cabinet meeting and is provided for reporting to the Board. Changes may be made as needed.

College Goal: Resources - Develop, obtain, and allocate the necessary resources to implement the College's mission.

Title III Y Building Learning Commons Renovation/Remodel –
Change Orders

Information Item
412.1198, 19-20

Project Background & Description:

This project involves the renovation and remodel of the first and second floors of the Lawrence W. Tyree Library (Y Building) to incorporate centralized Learning Commons spaces as part of the Title III Strengthening Institutions Program (SIP) Grant. The grant's first year was approved by the Board on May 16, 2017, and the second year of the grant was approved on May 15, 2018.

In accordance with the College's rules for the procurement of construction services, an invitation to bid (ITB 07-19F) on general construction services for the Y Building Learning Commons Renovation/Remodel was advertised. Bids were opened on October 29, 2018, with seven construction companies submitting proposals. At the November 13, 2018, board meeting, the Board accepted staff's recommendation to award the bid to D.E. Scorpio Corporation and entered into a construction services agreement on the basis of a stipulated sum.

Project Status:

In accordance with Rule 6.14: Facilities Construction Contracts, to expedite the work in progress, the College President may execute change orders in the name of the Board when an item or related group of items adds less than \$50,000 to the contracted cost of construction or when an item results in a deductive change or savings. The change orders presented below for information represent cases in which enhancements to the original design have been recommended and reviewed carefully by College staff.

Change Order Number Eight, as signed by the President on June 27, 2019, increases the contract budget for the Y Building Learning Commons Renovation Remodel by \$1,307.83 for additional flooring repairs, the replacement of vinyl tile with carpet in room Y-203, and reorienting carpet tiles in room Y-232.

Change Order Number Nine, as signed by the President on July 9, 2019, increases the contract budget for the Y Building Learning Commons Renovation Remodel by \$31,202.33 to allow for enhancements to add power and data for collaborative furnishings.

Change Order Number Ten, as signed by the President on July 9, 2019, increases the contract budget for the Y Building Learning Commons Renovation Remodel by \$37,638.03 due to classroom and technology enhancements in four classrooms.

Change Order Number Eleven, as signed by the President on July 9, 2019, increases the contract budget for the Y Building Learning Commons Renovation Remodel by \$17,648.22 to accommodate reference desk modifications and the addition of digital signage and check-in kiosks.

Agenda Item 2.6
July 16, 2019
Page 2

Change Order Number Twelve, as signed by the President on July 9, 2019, increases the contract budget for the Y Building Learning Commons Renovation Remodel by \$779.14 due to additional vinyl tile required for the main lobby.

The original contract sum totaled \$813,264. With Change Orders 1 – 12, the revised contract sum is \$980,208.70, which is within the amount budgeted through the Title III SIP grant.

Citizen's Requests

423.74, 19-20

Subject to exceptions set forth in Florida law, members of the public shall be permitted to be heard on a proposition pending before the Board during this agenda item prior to the Board taking action on the proposition. An individual wishing to be heard shall complete the Citizen's Request form maintained by the Board Secretary (College President) at least fifteen minutes in advance of the meeting and shall be allotted up to three minutes to address any issues, whether the issue is on the board agenda or not; the Board Chair may allow limited extended time at the Chair's discretion. If a group consisting of more than five individuals wishes to be heard on a subject, the group must designate a representative to speak on its behalf.

Discussion: Chair Fletcher asked if there were any requests from citizens, and in hearing none, the Chair moved to the next board item.

Carl D. Perkins Career and Technical Education (CTE)
Postsecondary Programs, Section 132 Grant

409.2245, 19-20

This grant funds a program that seeks to fully develop the academic, career, and technical skills of postsecondary education students who elect to enroll in Career and Technical Education (CTE) Programs. The project provides assistance for student attainment of challenging state-established academic, career, and technical skills proficiencies and attainment of an industry-recognized credential, postsecondary degree, or certificate. Retention in or transfer to another two- or four-year postsecondary institution, along with placement in postsecondary education, employment, and/or military service, will be emphasized. Activities and support services are provided to increase enrollment, retention, and completion for nontraditional students, single parents, single pregnant women, displaced homemakers, students with disabilities, and students with other barriers to educational achievement in CTE Programs. The use of technology and contextual, integrated curriculum will be expanded, connections between secondary and postsecondary education systems will be bolstered, and business and industry partnerships will be promoted. Approximately 4,000 participants will benefit from this program.

The amount of funds requested from the Florida Department of Education, Division of Career and Adult Education is \$596,456, with no matching funds from Santa Fe College.

Duration of this project is July 1, 2019, through June 30, 2020.

Carl D. Perkins Postsecondary Rural and Sparsely Populated
Grant

409.2246, 19-20

This grant funding allows SF to more fully develop the career and technical skills of postsecondary rural students who elect to enroll in high-wage, high-skill, and/or high-demand occupations at the Santa Fe College Andrews Center and North Florida Technical College (NFTC) in Bradford County, with an emphasis on Information Technology or Science, Technology, Engineering, and Math (STEM) career clusters. Funding for in-district, out-of-district, and out-of-state travel will be included for postsecondary career and technical professional training in STEM fields and the coordination of articulation and curriculum alignment. Recruitment and public awareness services will be available for Career and Technical Education (CTE) Programs at NFTC. Educational materials including lab equipment and supplies will be purchased for instructional and student use, with minor technology equipment in particular expanding Information Technology and STEM-related learning experiences to CTE students and improving the record keeping and reporting needs for CTE instructors and staff. Additionally, funding for inventoried capital outlay will be used to improve and expand the use of technology and strengthen the technical skills of postsecondary career and technical students in Nursing Programs. Approximately 250 students will benefit from this program.

The amount of funds requested from the Florida Department of Education, Division of Career and Adult Education is \$18,301, with no matching funds from Santa Fe College.

Duration of this project is July 1, 2019, through June 30, 2020.

Operating budget impact: None.

National Institutes of Health (NIH) – SF2UF – Bridges to
Baccalaureate Grant

409.2247, 19-20

This project develops and expands effective institutional programs aimed at students transitioning from a two-year community college degree to a baccalaureate degree in biomedical and behavioral sciences. The program's short-term goal is to increase the number of underrepresented students who successfully transfer from SF to UF and graduate with a baccalaureate degree in biomedical or behavioral science-related disciplines. The program's long-term goal is to enhance the pool of community college students from underrepresented groups who go on to research careers in biomedical and behavioral sciences. To achieve these goals, the SF2UF program will coordinate and align advising for transfer requirements through a two-day "Advising Summit," create a new chemistry and biology tutoring studio at SF, align student learning outcomes in chemistry and biology courses, develop and implement a new Entering Research course at SF, and provide paid employment and research opportunities for SF students.

The College of Agricultural and Life Sciences, the College of Liberal Arts and Sciences, and the College of Health and Human Performance have agreed to guarantee transfer admission to SF2UF participants who have completed the program requirements at SF and meet both the university-wide transfer requirements and the major-specific transfer requirements at UF. Forty-eight students will be served by this project, and this is year five of the five-year program.

This project is a partnership between the University of Florida as the fiscal agent and Santa Fe College as the subcontractor.

The amount of funds requested from the University of Florida through the U.S. Department of Health and Human Services, National Institutes of Health (NIH) for year five is \$32,372, with no matching funds from Santa Fe College. Total SF funding for the five-year project is \$429,725.

Duration of this project is August 1, 2019, through July 31, 2020.

Institutional Application to Participate in Federal Student Financial
Aid Programs for Fiscal Year 2020-2021

409.2248, 19-20

This project will allow SF to apply for federal funding for the Federal Supplemental Educational Opportunity Grant (FSEOG) and the Federal Work Study Program (FWSP). The FSEOG is needs-based gift aid that provides assistance to qualified students who have financial need. Alternatively, the FWSP provides part-time employment for students who demonstrate financial need. Approximately 1,000 students will benefit from these programs.

The amount of funds requested from the U.S. Department of Education, Office of Postsecondary Education is \$1,430,000, with no matching funds from Santa Fe College.

SF Teaching Zoo – Sensory Inclusive Certification Grant

409.2249, 19-20

Funding from this grant will be used to acquire KultureCity's Sensory Inclusive Certification, which will allow those with sensory needs, such as individuals with an autism spectrum disorder, to visit the zoo in a more accessible manner. The certification combines professional training for SF student volunteers with new signage and visitor sensory bags including noise-canceling headphones, weighted lap pads, bean bags, fidgeting toys, and visual feeling zone thermometer cards to help calm sensory overload. This sensory-friendly initiative will allow zoo grounds to become more accessible to all visitors.

Colonel Harry M. Hatcher, Jr., Property Survey 20-01

200.943, 19-20

Pursuant to Rule and Procedure 5.7: Tangible Personal Property Control, College property that has become unusable or obsolete is reported to the Property Survey Committee by various property custodians, persons designated as responsible for maintaining and protecting the tangible personal property in a department. The Property Survey Committee, appointed by the President and composed of representatives from around the College, reviews the requests of property custodians that wish to remove said items from their inventory before all items valued over \$5,000 are presented to the Board for approval.

The Property Survey Committee met via email on June 18, 2019, to consider requests from property custodians and the committee members approved the requests presented in this Property Survey 20-01. The following table is a summary of the items by disposition method and a detailed list of all items from each category is attached.

Disposition Method	Number of Items	Original Cost or Value Items > \$5,000 to be Removed from Inventory and Financial Records	Depreciation of Items > \$5,000	Total Book Value Items to be Removed from Inventory and Financial Records

E Auditorium Renovation/Remodel – Construction Documents (Phase III Documents), Guaranteed Maximum Price, and Amendment No. 1 to Agreement for Construction Management Services

412.1199, 19-20

Project Background & Description:

This project involves the design, renovation, and remodel of the E Auditorium. Originally built in 1975, E Auditorium is one of the original buildings on SF's Northwest Campus. The center of artistic and community activities until the opening of the Fine Arts Hall in 2011, E Auditorium has had few updates since its original construction. In Fall 2016, the College hired one of its annual contract architects to evaluate options for renovation, remodel, and potential expansion of the facility. On June 19, 2017, the Board approved allocating \$3,000,000 to renovate and remodel the facility based on some of the architect's recommendations and gave approval to advertise, select, and negotiate a contract for architectural design services. The project scope includes mechanical and electrical upgrades, acoustical improvements, new fixed seating, modifications to entry and exit doors, and upgrades to house lighting, interior finishes, and restrooms.

On September 19, 2017, the Board gave approval to advertise, select, and negotiate a contract for architectural design services. An information item was sent to the Board on April 17, 2018, summarizing the selection process for the architectural firm. Brame Heck Architects from Gainesville was the selection committee's top choice and an agreement for services was negotiated and executed by the Board chair on June 19, 2018.

On July 17, 2018, an item was sent to the Board summarizing the selection process for the construction management firm. Parrish McCall Constructors, Inc., from Gainesville was the selection committee's top choice. The Board approved in concept the agreement for services and delegated authority to the Board chair to execute the final agreement. A purchase order was issued to Parrish McCall Constructors, Inc., for the preconstruction services of the project. An agreement for construction management services was negotiated and executed by the Board chair on July 5, 2019.

Project Status:

College staff has received, reviewed, and approved the Construction Documents (Phase III Documents) for this project and has overseen the construction manager's competitive bidding of all trade packages. College staff are currently participating in a value management process and negotiating a guaranteed maximum price (GMP) not to exceed the construction budget amount of \$2,653,269.

Board Action Requested

- A. Approval of Construction Documents (Phase III Documents)**
- B. Delegation of authority for the Board Chair to execute Amendment No. 1 to Agreement for Construction Management Services that establishes a GMP not to exceed \$2,653,269 upon legal review and approval by the President, the Vice President for Administrative Affairs, and other appropriate college officials**

Discussion: Mr. Liam McClay, Acting Associate Vice President for Facilities Services and Senior Advisor to the President, reviewed items 5.1 and 5.2, and provided an overview of agenda item 2.6: Title III Y Building Learning Commons Renovation/Remodel, as requested by the President.

Building N Reroof Project Completion

412.1200, 19-20

Project Background & Description:

In 2016, the College partnered with a roofing consultant to evaluate the condition of a group of older roofs on the Northwest Campus and make recommendations for repair, restoration, and replacement. At that time, the consultant evaluated the original gravel surface built up roof on N Building, which was installed in 1995, and determined that it was in fair condition. The consultant suggested minor repairs and recommended that the roof be slated for replacement in the near future. The Facilities Services Department continued to maintain the roof following the evaluation but also determined that, at 22 years old, the roof was beyond both its warranty period and useful life.

On September 19, 2017, the Board approved a project budget of \$350,000 for the design, removal, and replacement of approximately 14,920 square feet of roofing. On January 16, 2018, the Board was presented with a budget amendment for this project and approved a budget increase of \$90,400, raising the project budget to \$440,400. The increase allowed for additional necessary replacements that were identified during the construction process, including the replacement of a skylight, metal stairwell roofing, and perimeter coping.

On October 16, 2018, the Board approved the Construction Documents (Phase III Documents) and the guaranteed maximum price (GMP) of \$337,319. Following approval of the GMP, college staff gave the construction manager notice to proceed with this project on December 7, 2018. The project was substantially complete on February 11, 2019, and reached final completion on May 1, 2019.

College staff have received and approved all project close out documentation and recommend that the Board accept this project as complete.

International Travel

101.34, 19-20

The College is committed to international and intercultural education and globalization efforts. International education is an integral component of the College's mission, and the College seeks to create an environment where teaching and learning is augmented and enhanced by international study for faculty and by student-centered educational opportunities that prepare students for successful participation in the global community. International travel is just one of the ways in which the College's mission for international education is accomplished.

All international travel is subject to the requirements stated in the existing rules, regulations, and guidelines.

The College is seeking permission to allow the following College officials to participate in international travel opportunities in the coming months:

Mike Laffey, travel to Bolivia, September 1 – 7, 2019

Mike Laffey, Coordinator of International Student Services, will travel to Santa Cruz, Cochabamba, and La Paz, Bolivia to raise awareness about Santa Fe College and to recruit new international students by making presentations at various local high schools, developing relationships with school counselors, and hosting college fairs with students and parents. This travel will be in conjunction with the University of Florida English Language Institute. This is the third year in a row that SF has traveled to recruit in Bolivia, with new F-1 student enrollment from Bolivia increasing by 31% in 2018-2019 as compared to the previous year. No travel warnings have been issued for Bolivia. This international travel will be funded by Santa Fe College.

Mike Laffey, travel to Colombia, September 15 – 21, 2019

Mike Laffey, Coordinator of International Student Services, will travel to Bogota, Colombia to raise awareness about Santa Fe College and to recruit new international students by making presentations at various local high schools, developing relationships with school counselors, and hosting college fairs with students and parents. This travel will include participation in the EducationUSA Fair hosted by the U.S. State Department. This is the second time in three years that SF has traveled to recruit in Colombia, with new F-1 student enrollment from Colombia increasing by 75% in 2018-2019 as compared to the previous year. The U.S. Department of State advises U.S. citizens to exercise caution in Colombia due to crime, terrorism, and kidnapping, with certain areas of the country having increased risk. Mr. Laffey will remain in Bogota, which is outside the area of increased risk. The College has international travel insurance that will cover travelers in the case of medical emergency, auto accident, sickness, security and political evacuation, kidnap or ransom, accidental death, and repatriation. Worker's Compensation will not cover SF employees traveling to Colombia, but staff are prepared to use personal medical insurance if required. This international travel will be funded by Santa Fe College.

Travel dates are subject to change.

Amended Rule 2.3: Direct Support Organization Use of College Resources

410.561, 19-20

Florida law authorizes Florida College System institutions to define the guidelines for Direct Support Organizations (DSO) to use college resources. Recent updates to the relevant statutes require annual review of the DSO's use of these resources by college boards. Amended Rule 2.3: Direct Support Organization Use of College Resources now specifies that SF's DSO, the Santa Fe College Foundation, will supply the Board with information about the volume of staff time and SF resources that are used to benefit the Foundation, as is already common practice at SF.

Board Action Requested

Amended Rule 7.1: Eligibility for Admission

410.562, 19-20

Amended Rule 7.1: Eligibility for Admission now allows students to use the High School Equivalency Test (HiSET) in place of a General Education Diploma (GED) when qualifying for admission to the College. The new test option furthers the College's goal of open access, allowing more students to enroll with this expanded pathway.

Criminal Justice User Agreement with the Florida Department of Law Enforcement for the Benefit of the Police Department

408.2453, 19-20

This standardized update to the agreement between the Florida Department of Law Enforcement (FDLE) and the SF Police Department allows for continued access to law enforcement databases, as well as the ability to enter information into these databases. The agreement has been previously updated on several occasions, most recently in 2014, and may be terminated by either party, with or without cause, upon providing advance written notice of 45 days.

FDLE has established an online portal to execute the agreement. As such, to expedite implementation of the agreement, college staff request that signature authority be delegated to the Vice President for Advancement or his designee.

Board Action Requested

A. Approval of the agreement

B. Delegation of authority for the Vice President for Advancement or his designee to execute the agreement and related documents

College Goal: Educational Programs - Provide learning opportunities and academic support to ensure the highest levels of academic performance.

State of Florida Statewide Voluntary Prekindergarten Provider
Contract

408.2454, 19-20

The Early Learning Coalition of Alachua County (ELC) disseminates state money allocated for Voluntary Prekindergarten (VPK) Programs. This agreement allows the College to provide VPK services to eligible children (children must be four years old by September 1st and reside in Florida) through the Little School. The ELC manages all eligibility determinations and paperwork with the families and then issues the families a Child Certificate of Eligibility or Certificate of Eligibility for Reenrollment for VPK. Qualified families who choose to enroll at the Little School will be enrolled on a space available basis. At the end of each month, the SF Little School will provide attendance information for the children of enrolled families, and the ELC will pay the agreed upon daily rate. It is anticipated that SF can enroll twenty children in the VPK Program through the ELC. This agreement does not obligate any financial resources from the College.

The ELC has established an online portal to execute the agreement and upload related documentation. As such, to expedite implementation of the agreement, college staff request that signature authority be delegated to the Provost and Vice President for Academic Affairs or his designee.

Board Action Requested

- A. Approval of the agreement**
- B. Delegation of authority for the Provost and Vice President for Academic Affairs or his designee to execute the agreement and related documents**
- C. Delegation of authority for the Provost and Vice President for Academic Affairs or his designee to execute any future amendments and related documents**

Action: Approved. See item 9.1 (408.2453).

College Goal: Educational Programs - Provide learning opportunities and academic support to ensure the highest levels of academic performance.

First Amendment to the State of Florida Statewide School
Readiness Provider Contract

408.2455, 19-20

The Early Learning Coalition of Alachua County (ELC) disseminates state money in the form of childcare subsidies to contracted providers for low income and working-poor families. The College's agreement with the ELC allows SF to provide childcare services through the Little School to children of qualified families, as approved at the June 18, 2019, board meeting.

At the June board meeting, the Board delegated signature authority to the Provost and Vice President for Academic Affairs to execute the agreement in the ELC's online portal. During this process, the ELC's signature software experienced a technical malfunction that prevented the waiver of SF's exemption from the ELC's Program Assessment. By waiving this exemption and agreeing to be assessed by the ELC on the quality of SF's teacher-child interactions, the College will earn an additional 4% in state-funded reimbursements per child. This amendment rectifies this error retroactive to July 1, 2019, and will allow the Little School to participate in the Program Assessment.

Board Action Requested

- A. Approval of the amendment**
- B. Delegation of authority for the Provost and Vice President for Academic Affairs or his designee to execute the amendment and related documents**
- C. Delegation of authority for the Provost and Vice President for Academic Affairs or his designee to execute any future amendments and related documents**

Action: Approved. See item 9.1 (408.2453).

College Goal: Educational Programs - Provide learning opportunities and academic support to ensure the highest levels of academic performance.

Non Exclusive Student Affiliation Agreement with Lake Shore
HMA, LLC d/b/a Shands Lake Shore Regional Medical Center for
the Phlebotomy Technician Program

408.2456, 19-20

The College has had Student Affiliation Agreements in place with Lake Shore HMA, LLC d/b/a Shands Lake Shore Regional Medical Center since 2016. Continuation of this agreement for the Phlebotomy Technician (PBT) Program will allow SF PBT students to maintain participation in clinical training at the facility's Lake City location. This agreement is effective as of October 1, 2019, for a three-year period, unless terminated by either party by giving thirty (30) days' advance written notice to the other party or as otherwise set forth in the respective agreement.

First Amendment to the Health Sciences, Information Technology Education, and Business Programs Affiliation Agreement with the University of Florida Board of Trustees

408.2457, 19-20

The College's Affiliation Agreement with the University of Florida Board of Trustees allows students in Health Science, Information Technology, and Business Programs to participate in training at various UF physician clinic locations in Florida. This amendment strikes the requirement for SF students to purchase additional insurance coverage through UF in order to participate. The amendment does not otherwise change the terms of the agreement.

National Study of Learning, Voting and Engagement Participation
Authorization Form with the National Student Clearinghouse

408.2458, 19-20

Santa Fe College has a longstanding agreement with the National Student Clearinghouse whereby the College sends information to the Clearinghouse so it can inform lenders of the enrollment status of College students who receive financial aid. This Participation Authorization Form amends the agreement by giving the College the opportunity to participate in the National Study of Learning, Voting and Engagement conducted by the Institute for Democracy and Higher Education based at Tufts University. This study will give the College the opportunity to measure the voting and registration rates of its students and to study the effectiveness of educational programs at increasing student civic learning and engagement in democracy. The authorization will remain effective from January 1, 2018, through August 31, 2023, unless earlier terminated by either party.

Cultural Programs General Support Grant

409.2250, 19-20

This project aims to present a series of award-winning cultural programs that offer a creative mix of visual arts, literature, music, and dance, with the annual SF Spring Arts Festival serving as the premier event in this series. Building on the vision of the Florida Division of Cultural Affairs and designed to have statewide impact, the program goals are as follows: create vibrant, accessible events to engage audiences and inspire participation in the arts; encourage emerging artists and grow audiences for the arts by creating high quality programs; present artists and writers relevant to Florida and Florida's citizens to create an appreciation of the arts and Florida's rich history; engage children and youths in the arts, thus fostering participation and appreciation in the arts by all of our citizens; and provide economic growth to Florida through strong arts events and economic success for Florida artists.

The amount of funds requested from the State of Florida, Division of Cultural Affairs, is \$46,800, with an in-kind match of \$260,527 from the existing college budget, which is required by the funding agency for this level of grant request.

Duration of this project is July 1, 2020, through June 30, 2021.

Operating budget impact: None.

Board Action Requested

Approval of grant. Upon legal review and approval, the president or his designee, Charles W. Clemons, Sr., Vice President for Advancement, is authorized to execute any agreements and related documents associated with this grant.

Santa Fe College Foundation Liaison Update and Board Members' Remarks

Discussion: Reporting for the Santa Fe College Foundation, Trustee Mallini announced that the Foundation recently received a donation of \$100,000 from an anonymous donor. He asked Mr. Clemons if he had additional information he would like to share with the Board. Mr. Clemons stated that a fundraising "roast" of President Sasser is scheduled for October 4, 2019, at the Hotel Indigo in Celebration Pointe beginning at 6 p.m. He encouraged everyone to purchase tickets early given the limited seating. Mr. Clemons further noted that there will be a campus/community farewell reception for the President on December 6, 2019, from 3:30 p.m. – 5:30 p.m., in the lobby of the Robertson Administration Building. He also informed the group that the State of the College Address in Bradford County will be held on September 10, 2019, with Mr. Mark Wilson, President of the Florida State Chamber, as the keynote speaker. Further, Mr. Clemons stated that the Carmen Suite Ballet is returning to the SF Fine Arts Hall on November 8, 2019, and November 9, 2019, and encouraged the group to attend this spectacular event.
