President's Report

Information Item

The President will discuss a variety of information topics.

Discussion: Dr. Sasser recognized Ms. Rose Christy, Career Service Council Chair; Ms. Kate Santacruz, Student Government President; Dr. David Price, College Senate President; Ms. Kathie Russell, Presiding Officer of the Senate Executive Council; and Ms. Rebecca Rogers, representing the AFC.

Dr. Sasser asked Dr. Vilma Fuentes, Assistant Vice President for Academic Affairs, to introduce the special guests in attendance from South Africa. Dr. Fuentes shared that the group is visiting as part of the Community College Administrator Program (CCAP), a State Department-funded initiative that provides training to administrators from select countries and highlights best practices among U.S. community college administration. Dr. Fuentes noted that Florida State University is the program's grant manager and SF is the main community college partner, pointing out that since 2014, they have served 10 countries through the CCAP.

She introduced the sixteen members of the CCAP South African delegation and asked the delegation's spokesman, Mr. Brian Madalane, to address the Board. Mr. Madalane extended greetings to the Board on behalf of the group. He stated that this is a historic time to visit the College, with Dr. Sasser's forthcoming retirement and the recent appointment of a new President. He added that he looks forward to establishing partnerships and friendships and is grateful to participate in the CCAP. Ms. Basani Hlekane from the delegation also spoke, thanking the Board and expressing her appreciation to everyone for providing such a warm welcome. She noted that SF is a unique institution and that she looks forward to her experience at the College.

In closing, the President stated that the next board meeting will be held on November 19, 2019, at the Andrews Cultural Center, beginning at 4 p.m.

Strategic Planning

Information Item
419.69, 19-20

Dr. Lisa Armour, Vice President for Assessment, Research, and Technology, will provide an update on strategic planning.

Discussion: Dr. Sasser asked Dr. Lisa Armour, Vice President for Assessment, Research, and Technology, to provide an update on strategic planning. Dr. Armour shared a brief presentation highlighting strategies and tactics that intend to meet students where they are, place learning and students first, and guide and support students along their educational paths. She demonstrated how the College is addressing these areas and called attention to SF's successes. She then recapped Florida Senate Bill 1720, approved in May 2013, which requires community colleges to deliver developmental education strategies for students. Dr. Armour shared the State of Florida's overall results in developmental education along with the College's results from fall 2014 to fall 2018.

College Goal: Educational Programs – Provide learning opportunities and academic support to ensure the highest levels of academic performance.

Title III Y Building Learning Commons Renovation/Remodel – Change Orders

Information Item
412.1203, 19-20

Project Background & Description:

This project involves the renovation and remodel of the first and second floors of the Lawrence W. Tyree Library (Y Building) to incorporate centralized Learning Commons spaces as part of the Title III Strengthening Institutions Program (SIP) Grant. The grant's first year was approved by the Board on May 16, 2017, the second year of the grant was approved on May 15, 2018, and the third year of the grant was approved on June 18, 2019.

In accordance with the College's rules for the procurement of construction services, an invitation to bid (ITB 07-19F) on general construction services for the Y Building Learning Commons Renovation/Remodel was advertised. Bids were opened on October 29, 2018, with seven construction companies submitting proposals. At the November 13, 2018, board meeting, the Board accepted staff's recommendation to award the bid to D.E. Scorpio Corporation and entered into a construction services agreement on the basis of a stipulated sum.

Project Status:

In accordance with Rule 6.14: Facilities Construction Contracts, to expedite the work in progress, the College President may execute Change Orders in the name of the Board when an item or related group of items adds less than \$50,000 to the contracted cost of construction or when an item results in a deductive change or savings. The Change Order presented for information below represents a case in which enhancements to the original design have been recommended and reviewed carefully by college staff.

The use of federal funds for this construction project required the College to procure the general construction services utilizing a bid process and recommending the lowest responsive bid rather than the more commonly used Construction Manager at Risk process. Certain changes to the original scope of work require a Change Order proposal that is routed for review and approval by all parties. Therefore, this procurement process for construction necessitates the use of formal contract changes that are provided for information to the Board.

Change Order Number Fifteen, as signed by the President on September 23, 2019, increases the contract budget for the Y Building Learning Commons Renovation/Remodel by \$9,022.48 to relocate a variable air volume box in room Y-104; incorporate electrical, data, and fire alarm modifications for the information kiosks and soffit modifications at the circulation desk; and allow for framing of a projection screen.

The original contract sum totaled \$813,264. To comply with the U.S. Department of Education and the State of Florida's financial requirements, a hard bid contractual agreement was utilized, and the College fully anticipated that Change Orders would be utilized. The U.S. Department of Education Title III grant provided a total construction funding of \$1,802,698. With Change Orders 1 – 15, the revised contract sum is now \$1,034,081.77. The project remains within the amount budgeted through the Title III grant.

College Goal: Outreach and Access – Identify, assess, and meet community needs to promote open access to the College.

Citizen's Requests

423.76, 19-20

Subject to exceptions set forth in Florida law, members of the public shall be permitted to be heard on a proposition pending before the Board during this agenda item prior to the Board taking action on the proposition. An individual wishing to be heard shall complete the Citizen's Request form maintained by the Board Secretary (College President) at least fifteen minutes in advance of the meeting and shall be allotted up to three minutes to address any issues, whether the issue is on the board agenda or not; the Board Chair may allow limited extended time at the Chair's discretion. If a group consisting of more than five individuals wishes to be heard on a subject, the group must designate a representative to speak on its behalf.

Discussion: Chair Fletcher asked if there were any requests from citizens, and in hearing none, the Chair moved to the next board item.

Colonel Harry M. Hatcher, Jr., Property Survey 20-03

200.947, 19-20

Pursuant to Rule and Procedure 5.7: Tangible Personal Property Control, College property that has become unusable or obsolete is reported to the Property Survey Committee by various property custodians, persons designated as responsible for maintaining and protecting the tangible personal property in a department. The Property Survey Committee, appointed by the President and composed of representatives from around the College, reviews the requests of property custodians that wish to remove said items from their inventory before all items valued over \$5,000 are presented to the Board for approval.

The Property Survey Committee met via email on September 24, 2019, to consider requests from property custodians, and the Committee members approved the requests presented in this Property Survey 20-03. The following table is a summary of the items by disposition method and a detailed list of all items from each category is attached.

Disposition Method	Number of Items	Original Cost or Value Items > \$5,000 to be Removed from Inventory and Financial Records	Depreciation of Items > \$5,000	Total Book Value Items to be Removed from Inventory and Financial Records
Surplus Property	3	41,765.89	41,765.89	0.00
TOTAL	<u>3</u>	<u>41,765.89</u>	<u>41,765.89</u>	<u>0.00</u>

Disposition Method:

Surplus Property includes all property to be sold or transferred to another entity. Surplus property is generally offered to Alachua and Bradford County schools first. If the schools are not interested in these items, they can be offered to other non-profit organizations that have requested them. Items remaining will then be sold at a surplus auction.

Recommendation for Awarding a Proposal for Disaster Debris Clearance and Removal

209.201, 19-20

A request for proposals (RFP), jointly created by the Florida College System Risk Management Consortium (FCSRMC) and Santa Fe College, was released on July 16, 2019, for debris clearance and removal services in the event of a disaster, such as a hurricane.

The intention of the solicitation and resulting contracts are to provide Florida College System institutions with an available contractor for these services without the need to perform solicitations at the time of the crisis. Having a contractor in place that was established by a public solicitation enables affected institutions to potentially qualify for reimbursement from the Federal Emergency Management Agency (FEMA). Because this is an indefinite quantity solicitation, the value of the solicitation cannot be determined, and ideally, the colleges would never need to use these services.

Responses to the solicitation were received from the following six vendors and opened on Wednesday, August 21, 2019:

- Custom Treecare, Inc.
- Graham County Land Company
- KDF Enterprises
- Southern Disaster Recovery
- TFR Enterprises, Inc.
- Wood Resource Recovery, LLC

The RFP Evaluation Committee, made up of Consortium staff and SF's Director of Purchasing, read the proposals and met to evaluate the proposals.

To assure adequate coverage of all 28 colleges and due to the uncertainty of the scope of a natural disaster, the Committee determined that it would be best to select two vendors instead of one.

The Committee identified Southern Disaster Recovery and TFR Enterprises as having the best proposals. Each proposal was scored based on four criteria:

- Business Viability, Capability, and Organization (20 points)
- Safety Plans and Records (20 points)
- Qualifications and Experience (20 points)
- Services and Rates (40 points)

A summary of the rankings (in rank order) appears below:

<u>Proposer</u>	<u>Business Viability and Organization</u>	<u>Safety Plan and Records</u>	<u>Qualifications and Experience</u>	<u>Services and Rates</u>	<u>Total</u>
Southern Disaster Recovery	20	20	20	34	94
TFR Enterprises	20	20	20	31	91
Custom Treecare, Inc.	10	16	20	40	86
Graham County Land Company	20	17	20	28	85

Two vendors, KDF Enterprises and Wood Resource Recovery, LLC, were not scored as their proposals were found non-responsive by the Committee (due to not submitting all of the required documentation).

Board Action Requested

- A. Acceptance of the Committee's recommendation to award the agreement to both Southern Disaster Recovery and TFR Enterprises**
- B. Approval for the College and the FCSRMC to negotiate agreements with Southern Disaster Recovery and TFR Enterprises upon legal review and approval by the President, the Vice President for Administrative Affairs, and other appropriate college officials**

Action: Approved. See item 5.1 (200.948).

College Goal: Outreach and Access – Identify, assess, and meet community needs to promote open access to the College.

International Center Advisory Board

417.120, 19-20

The SF International Center Advisory Board consists of community members and Santa Fe College international graduates who meet regularly to provide support and guidance to the departments located within in the College's International Center. Advisory Board members support SF's internationalization goals by providing:

- Scholarship support for Study Abroad and F-1 students
- Assistance with international student recruitment
- Access to opportunities for F-1 student internships, or Curricular Practical Training (CPT), and regular employment post-graduation, or Optional Practical Training (OPT)
- Public awareness of the local benefits of internationalization

The International Center Advisory Board will meet at least twice a year but may meet more often. The SF staff that will support this Advisory Board are Dr. Vilma Fuentes, Assistant Vice President for Academic Affairs, and Dr. Dan Rodkin, Associate Vice President for Student Affairs.

Members:

Ms. Sherree Alvarez, Director of Teaching, Learning, and Curriculum, Bradford County Schools

Ms. Yvette Carter, Club Director, Rotary International of Gainesville; Community Relations Director, Gainesville Regional Utilities

Dr. Juanita Duque, President, Latina Women's League; Coordinator, Latina/o Diaspora in the Americas Project, University of Florida

Dr. Megan Forbes, Director, English Learning Institute, University of Florida

Dr. Steve Kalishman, Executive Director, Sister City Program of Gainesville; Partner & Principal, Law Offices of Steven Kalishman, P.A.

Dr. Ed Kellerman, Senior Lecturer, Dial Center for Written and Oral Communication, University of Florida

Ms. Teresa Litvanova, former SF Student Ambassador, SF alumnus, and UF student

Discussion: Dr. Dan Rodkin, Associate Vice President for Student Affairs, stated that with the opening of the International Center last summer, it was noted that an Advisory Board similar to what is used for Career and Technical Education Programs would be valuable in providing support and guidance to the center. He stated that the Advisory Board will

consist of community members, college staff, and SF international graduates. Dr. Sasser thanked Dr. Rodkin for his dedication to improving international opportunities and programs at the College.

Institute of Technology and Manufacturing (ITM) – Florida Job Growth Fund Grant

409.2259, 19-20

This grant will supplement funding for construction of the new Institute of Technology and Manufacturing (ITM) building, provide needed equipment for the ITM program, and fund outreach and marketing. The new building will offer the space necessary to implement the proposed Associate of Science Degree program in Engineering Technology with a specialization tract in Advanced Manufacturing. This new degree will offer a sequence of courses based on coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge, allowing graduates to acquire the skills needed for further education and careers in the advanced manufacturing career cluster. The degree will focus on broad, transferable skills and will stress understanding and demonstration of the following elements of the Engineering Technology and Industrial Applications: production materials and processes, quality, computer-aided drafting, electronics, mechanics, instrumentation, and safety. The ITM will also house and expand the SF Welding Technology program, which provides 20 different welding certifications.

The amount of funds requested from the Florida Department of Economic Opportunity and Enterprise Florida, Inc. is \$2,851,730, with \$6,574,930 in matching funds from Santa Fe College.

Duration of this project is October 1, 2019, through August 31, 2023.

Operating budget impact: From existing college funds.

National Institutes of Health (NIH) – SF2UF – Bridges to Baccalaureate Grant – Year 1

409.2260, 19-20

This project aims to expand existing institutional programs for students transitioning from a two-year college degree to a baccalaureate degree in biomedical and behavioral sciences. The program’s short-term goal is to increase the number of underrepresented students who successfully transfer from SF to UF and graduate with a baccalaureate degree in biomedical or behavioral science related disciplines. The program’s long-term goal is to enhance the pool of two-year college students from underrepresented groups who go on to research careers in biomedical and behavioral sciences.

To achieve its goals, this project will continue to support the newly created Learning Commons for academic success at SF; create a course-based undergraduate research experience (CURE) in biology at SF; align student learning outcomes in the CURE with departmental and institutional level learning outcomes; provide student participants with comprehensive mental health wellness and mindset intervention; and provide paid employment and research opportunities for SF students.

Additionally, the College of Agricultural and Life Sciences, the College of Liberal Arts and Sciences, and the College of Health and Human Performance have agreed to guarantee transfer admission to SF2UF participants who have completed the program requirements at SF and meet both the university-wide transfer requirements and major-specific transfer requirements at UF. Forty-five students will be served during the five-year project. This is year one of a five-year project.

This project is a partnership between the University of Florida as the fiscal agent and Santa Fe College as a subcontractor.

The amount of funds requested from the University of Florida through the U.S. Department of Health and Human Services, National Institutes of Health (NIH) for year one is \$18,815, with \$2,406 in matching funds from Santa Fe College. Total SF funding for the five-year project will be \$190,334.

Duration of this project is August 1, 2020, through July 31, 2021.

Operating budget impact: None.
