President's Report

Information Item

The President will discuss a variety of information topics.

Discussion: Dr. Broadie announced that today's meeting must conclude by 5:15 p.m., if possible, to allow for a class beginning at 5:30 p.m. in the same room.

Dr. Broadie recognized Mr. Steve Grosteffon, President of the SF Chapter of the Association of Florida Colleges (AFC); Ms. Rose Christy, Career Service Council President; Ms. Kathie Russell, College Senate President; Mr. Corbin Sponholtz, Presiding Officer of the Senate Executive Council; and Mr. Trevor Mathisen, Student Government President.

Dr. Broadie welcomed all in attendance and noted that this will be the last Board meeting for Dr. Ed Bonahue, Provost and Vice President for Academic Affairs, as he will soon be assuming his new role as President of Suffolk County Community College. Dr. Broadie thanked Dr. Bonahue for his exceptional service to the College and the strong academic foundation he was leaving for the College to continue to build on. He shared that a celebration for Dr. Bonahue is planned for June 9, 2021, from 2 – 4 p.m. in the Jackson N. Sasser Fine Arts Hall. The Board echoed Dr. Broadie's sentiments and thanked Dr. Bonahue for his stellar leadership over the past 23 years. Dr. Bonahue expressed his appreciation for everyone's kind words and stated that he was grateful for the opportunities SF has afforded him during his tenure with the College. Dr. Broadie also pointed out that this will be the last meeting for Mr. Mike Curry, Associate Vice President for the Office of Advancement, as he is retiring, and a celebration for Mr. Curry is scheduled for May 21, 2021, from 2 – 4 p.m. in the Jackson N. Sasser Fine Arts Hall.

The President thanked the Board for attending the budget workshop prior to today's meeting, noting that he appreciated their valuable input. Dr. Broadie also thanked Mr. Andy Barnes, Vice President for Administrative Affairs and Chief Financial Officer, for preparing and providing a comprehensive budget presentation. The Board extended their gratitude to Mr. Barnes, noting the detailed information was clear, helpful, and informative.

Dr. Broadie pointed out that the current COVID-19 infection rates continue to be very low at the College and stated that SF will continue to assess and rework the face covering (mask) protocol given the recently announced change in guidance concerning masks from the Centers for Disease Control and Prevention (CDC) as well as guidance from local health officials.

Dr. Broadie reported that the search to select a successor for Ms. Tina Crosby as Executive Assistant to the President has concluded. He thanked the Search Committee, the Shared Governance leaders, and the Vice Presidents for assisting with the process. He noted that he interviewed two exceptional candidates and he planned to make a Collegewide announcement on Friday concerning his selection.

President Broadie presented a time-lapse video of the recent work on the Blount Center Expansion Project. He noted that the project is on schedule and within budget.

The President reminded the Board that the next regular Board meeting will be held on June 15, 2021, at 4 p.m. on the Northwest Campus in the Joseph W. Fordyce Building.

President Broadie asked Dr. Gary Boulware, Chair of Business Programs, to provide an update on the Business Programs Department. Dr. Boulware noted that the department currently offers 13 programs, including A.S., B.A.S., and B.S. degrees, as well as certificates. Dr. Boulware pointed out that approximately 900 students are enrolled in these programs with additional courses provided to another 2,000 A.A. degree students. Dr. Boulware discussed the Business Programs' strategic plan to evolve and amplify the stature and curriculum of the department to allow SF students to excel in an ever-changing job market. He noted the first initiative in this plan is to become an accredited business school through the Accreditation Council for Business Schools and Programs, which should be in place by August 2022. The second initiative is to create naming opportunities for the business school and center for Business Analytics and Information Technology at the new Blount Campus; Dr. Boulware shared suggestions about how this goal could be accomplished. The third initiative is to create a new program for a high demand degree: a B.S. in Applied Business Analytics (ABA). Dr. Boulware pointed out that the department created an ABA concentration during the 2020-2021 academic year that included establishing four new ABA courses and that the entire curriculum, except for one course, is already in place to implement this new B.S. degree. And finally, the last initiative is to develop stackable micro-credentialing badges and certificates to help students gain credentials to enter the workforce or to re-enter the educational field for developing new skills to advance their careers. In closing, Dr. Boulware noted that the SF Business Programs Department has a considerable opportunity to grow and to continue to improve the lives of SF's students while meeting local workforce needs.

Strategic Planning

Information Item
419.83, 20-21

Dr. Lisa Armour, Vice President for Assessment, Research, and Technology, will provide an update on strategic planning.

Discussion: Dr. Lisa Armour, Vice President for Assessment, Research, and Technology, reminded the Trustees that the SF Leadership Team recently shared the planning process for the use of the generous gift from philanthropist MacKenzie Scott, pointing out that it was intentionally and intrinsically connected with the College's Strategic Plan. Dr. Armour confirmed that SF continues to be "on plan" in other areas as well and provided a brief presentation expounding on initiatives the College is currently pursuing or will be initiating in the coming years. The Board thanked her for highlighting the different programs and services for SF's students.

College Goal: Outreach and Access - Identify, assess, and meet community needs to promote open access to the College.

Quarterly Equity Update

Information Item
400.685, 20-21

To be presented at the meeting.

Discussion: Dr. Armour continued with the quarterly equity update, adding she was pleased with the opportunity to share the data with the Board. She began by displaying individual charts depicting retention rates by degrees for 2019-2020 and discussing them in detail. Dr. Armour highlighted the data for the A.A., A.S., and B.A.S. degrees, along with vocational certificate programs, pointing out the differences in retention rates across the categories. She continued with the comparison of full-time and part-time students, noting additional opportunities to improve. She concluded by highlighting additional strategies for recruiting diverse faculty members. The Board thanked Dr. Armour for the information and indicated they looked forward to the next quarterly update.

President's Contract Review Committee

Information Item
411.470, 20-21

To be presented at the meeting.

Discussion: Chair Fletcher asked Trustee Lee to serve as the committee of one charged with reviewing the President's contract and reporting back to the Board with recommendations at the June 15, 2021, Board meeting. Trustee Lee accepted the Chair's nomination.

District Board of Trustees
May 18, 2021

Agenda Item: 2.6

College Goal: Resources - Develop, obtain, and allocate the necessary resources to implement the College's mission.

Fee Waiver Report for Spring Term 2021

Information Item
200.972, 20-21

Florida Statute 1009.26 identifies statutorily authorized fee waivers, and Board-authorized fee waivers are defined in College Rule 7.13: Waiver of Fees. When a course fee is waived, all fees associated with the course are waived except for Technology, Transportation, Access, Lab, and Distance Learning fees.

Pursuant to State Board of Education Rule 6A-14.054 (12), the College maintains the list of persons for whom fees are waived, documentation supporting the waivers, and the amount of the fees waived. Attached is a summary report for the term that identifies the authorized waiver types, number of students granted waivers, and the dollar amount associated per waiver type.

New Rule 2.17: Designation of Emeritus

Information Item
410.578, 20-21

The College's New Rule 2.17: Designation of Emeritus recognizes outstanding service to the College by former Trustees and College Presidents by bestowing the Emeritus title upon such individuals. The rule details the eligibility standards for Emeritus status, the benefits that Emeriti will receive, record-keeping requirements, and revocation procedures.

Deletion of Rule 6.3: Facilities Services Financing and Control

Information Item
410.579, 20-21

Rule 6.3: Facilities Services Financing and Control is being recommended for deletion as it is outdated and duplicative. The College maintains operational financing and control through its rules under Chapter 5: Administration and Finance.

Deletion of Rule 6.11: Building Program – Uniform Building Code
Compliance

Information Item
410.580, 20-21

Rule 6.11: Building Program – Uniform Building Code Compliance is being recommended for deletion as it is outdated and duplicative. Under the law, the College must maintain strict accordance with the most recently adopted State Uniform Building Code for Public Educational Facilities Construction within the Florida Building Code, Florida Fire Prevention Code, the State Requirements for Educational Facilities (SREF), and other applicable sections of law, building codes, and life safety codes.

College Goal: Outreach and Access - Identify, assess, and meet community needs to promote open access to the College.

Citizen's Requests

423.90, 20-21

Subject to exceptions set forth in Florida law, members of the public shall be permitted to be heard on a proposition pending before the Board during this agenda item prior to the Board taking action on the proposition. An individual wishing to be heard shall complete the Citizen's Request form maintained by the Board Secretary (College President) at least fifteen minutes in advance of the meeting and shall be allotted up to three minutes to address any issues, whether the issue is on the Board agenda or not; the Board Chair may allow limited extended time at the Chair's discretion. If a group consisting of more than five individuals wishes to be heard on a subject, the group must designate a representative to speak on its behalf.

Discussion: Chair Fletcher asked if there were any requests from citizens, and in hearing none, the Chair moved to the next agenda item.

Revised Standard Professional Practice Affiliation Agreement for
the Health Information Technology Program

408.2541, 20-21

The Health Information Technology (HIT) Program has an accreditation review scheduled for October 2021 with the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM). To prepare for the review, this Standard Professional Practice Affiliation Agreement for the Health Information Technology Program, which allows HIT students to gain professional practice experience, is being revised to meet CAHIIM requirements which state that such agreements must adequately outline health, safety, and security policies and requirements. Standard clauses have been added and updated as well, including updating the nondiscrimination and liability language, and adding provisions related to public records and FERPA.

Board Action Requested

Approval of revised standard template and authorization for the Provost and Vice President for Academic Affairs to execute future standard agreements on behalf of the College without further review by the Board. As they occur, the College will report to the Board as information items the names of the entities entering into this standard agreement.

Community College Administrator Program (CCAP) – 2021-2024 Grant

409.2314, 20-21

This project will allow for a six-week study program in the United States for sixteen foreign officials with higher education planning responsibilities and administrators from postsecondary vocational and technical institutions. The program is designed to familiarize college administrators from a country to be determined with the structure and functions of the U.S. community college model as well as best practices in how these higher education institutions are administered. There will be an initial one-week program focused on educational approaches of the U.S. community college sector and the educational development issues they face, followed by a structured five-week program with two weeks on-site at Santa Fe College. Program topics will include administration, governance, finance, student affairs, student services, program assessment, leadership technology, workforce development, community engagement, private sector partnership, and distance learning.

This project is a collaboration between Florida State University (FSU), acting as fiscal agent, and Santa Fe College as a grant subrecipient. SF will assist FSU with the initial country assessment work, program implementation, ongoing assessment, and reporting.

The amount of funds requested from the U.S. Department of State, Bureau of Educational and Cultural Affairs is \$58,955, with no matching funds from Santa Fe College.

Duration of this project is October 1, 2021, through May 31, 2024.

Operating budget impact: None.

Colonel Harry M. Hatcher, Jr. Property Survey 21-06

200.973, 20-21

Pursuant to Rule and Procedure 5.7: Tangible Personal Property Control, College property that has become unusable or obsolete is reported to the Property Survey Committee by various property custodians, persons designated as responsible for maintaining and protecting the tangible personal property in a department. The Property Survey Committee, appointed by the President and composed of representatives from around the College, reviews the requests of property custodians that wish to remove said items from their inventory before all items valued over \$5,000 are presented to the Board for approval.

The Property Survey Committee conducted a virtual meeting on April 20, 2021, to consider requests from property custodians and the Committee members approved the requests presented in this Property Survey 21-06. The following table is a summary of the items by disposition method and a detailed list of all items from each category is attached.

Disposition Method	Number of Items	Original Cost or Value Items > \$5,000 to be Removed from Inventory and Financial Records	Depreciation of Items > \$5,000	Total Book Value Items to be Removed from Inventory and Financial Records
Surplus Property	9	80,130.60	80,130.60	0
TOTAL	<u>9</u>	<u>80,130.60</u>	<u>80,130.60</u>	0

Disposition Method:

Surplus Property includes all property to be sold or transferred to another entity. Surplus property is generally offered to Alachua and Bradford County schools first. If the schools are not interested in these items, they can be offered to other non-profit organizations that have requested them. Items remaining will then be sold at a surplus auction.

W Building Second Floor Classrooms Renovation/Remodel –
Construction Documents (Phase III Documents) and Guaranteed
Maximum Price

412.1238, 20-21

Project Background & Description:

This project involves the renovation and remodel of four classrooms totaling 2,885 square feet, as well as several minor modifications to a teaching lab in W Building. Project costs include updates to technology, lighting, flooring, acoustics, furniture, and finishes in W-206, W-207, W-222, W-230 and W-281. These classrooms were constructed and equipped in 1984 and have had very few updates since they were originally outfitted. Modernizing the classrooms will provide greater flexibility in how they may be used, including the ability to combine multiple spaces into a large learning environment.

On April 20, 2021, the Board approved a project budget of \$448,000 to renovate these learning spaces to better serve and support the College's Health Sciences Programs.

Architect/Engineer:	Kail Partners
Contractor/Construction Manager:	DE Scorpio Corporation
Florida Building Code Inspector:	In-house
Estimated Project Budget:	\$448,000
Source of Funds:	Capital Improvement Fee, Other local funds

Project Status:

College staff has coordinated the design development process; received, reviewed, and approved the project's Construction Documents (Phase III Documents); are supervising the bidding of all trade packages; and are negotiating a Guaranteed Maximum Price (GMP) not to exceed \$375,000.

- B. Approval of the Guaranteed Maximum Price not to exceed \$375,000**

Discussion: Mr. Liam McClay, Associate Vice President for Governmental Affairs and Facilities Services, reviewed items 5.1 through 5.3 in detail. Regarding items 5.2 and 5.3 concerning the Blount Center Expansion Project, he pointed out that the parcels of property where the College is currently conducting construction have a long history of petroleum contamination. He stated that the College has been working closely with the Florida Department of Environmental Protection (FDEP) to remediate the site contamination, which is also a special award condition directly connected to SF's Economic Development Administration (EDA) grant for the project. Mr. McClay added that since 2018, wells have been installed onsite and groundwater samples have been taken, all garnering positive results and satisfying the FDEP's requirements for site

closure. The next steps include entering into a declaration of restrictive covenant with the FDEP, which will permanently prohibit the use of groundwater beneath the building. He added that these tasks will satisfy the EDA's special award condition in order for the College to draw down EDA grant funds.

Blount Center Expansion Project – Declaration of Restrictive Covenant with the State of Florida, Department of Environmental Protection

412.1239, 20-21

On May 23, 2019, Santa Fe College received an award of \$4,764,080 from the U.S. Department of Commerce's Economic Development Administration (EDA) for the Blount Center Expansion Project. In accepting the award, the College also accepted a Special Award Condition to follow and comply with all appropriate requirements mandated by the Florida Department of Environmental Protection (FDEP) in order to close out the petroleum contamination issues found on the project site pursuant to the State's Petroleum Restoration Program. The Special Award Condition also requires the site to receive a Site Rehabilitation Completion Order (SRCO) with or without conditions.

Since the award from the EDA was issued, the installation of wells and testing of water samples through the direction of the FDEP have occurred. All of the testing samples have satisfied FDEP requirements for a determination of "no further action" needed. The next step for SF is to receive approval from the FDEP to enter into a Declaration of Restrictive Covenant, which will permanently prohibit the installation and use of wells and groundwater beneath the new building and will satisfy the EDA's SRCO requirement.

The College has received a template for a Declaration of Restrictive Covenant from FDEP for the project site and has customized it for FDEP's review. Acceptance of a final Declaration by the FDEP will authorize the College to draw down the funding awarded by EDA.

Board Action Requested

- A. Approval in concept of the Declaration of Restrictive Covenant based on the draft presented**
- B. Delegation of authority for the Board Chair to execute the final Declaration of Restrictive Covenant and related documents upon legal review and approval by appropriate College officials**

Action: Approved. See item 5.1 (412.1238).

College Goal: Resources - Develop, obtain, and allocate the necessary resources to implement the College's mission.

Blount Center Expansion Project – Petroleum Restoration
Program Site Access Agreement with the State of Florida,
Department of Environmental Protection

412.1240, 20-21

Santa Fe College is actively working with the Florida Department of Environmental Protection (FDEP) to remediate and close out petroleum contamination issues on the Blount Center Expansion Project site. The history of the project site's contamination is long and predates property ownership by the College as well as the Santa Fe College Foundation, who initially purchased the property.

Since the beginning of this project, SF has been participating in the FDEP's Petroleum Restoration Program, which funds technical oversight, management, and administration for the assessment and cleanup of contaminated property. Recent groundwater testing samples have satisfied FDEP's requirements for site closure and the installed monitoring wells onsite have already been abandoned.

In order to remain eligible for the Petroleum Restoration Program, SF must provide permission to the FDEP and its contractors to access the property when necessary. Site access was previously granted to the FDEP by the Foundation before the property was transferred to the College, and continued site access will satisfy program requirements and allow the College to proceed with obtaining approval for site closure.

Discussion: Mr. Barnes reviewed items 6.1 through 6.3 individually and in detail. Regarding item 6.1: Fund 1 (Current Unrestricted) Revenue and Expenditure Budget Report for April 2021, Mr. Barnes noted that revenues exceed expenditures by \$6,684,464 as of the end of April. He pointed out that year-to-date revenue is down \$5.4 million, mostly due to state appropriations being withheld, which have now been released. Mr. Barnes added that expenditures are also down \$1.9 million compared to last year. After revenues are fully accounted for along with the reduction in expenses, he stated that the College should see an addition to the fund balance for fiscal year 2021-2022.

Agreements for Disaster Recovery and Remediation Services with: 209.210, 20-21
Belfor USA Group, Inc.
Cotton Commercial USA, Inc.
ProConstruction, LLC d/b/a Complete DKI

A request for proposals (RFP), jointly created by the Florida College System Risk Management Consortium (FCSRMC) and Santa Fe College, as its fiscal agent, was released on June 24, 2020, for disaster recovery and remediation services in the event of a disaster, such as a hurricane.

The intention of the solicitation and resulting agreements is to provide Florida College System (FCS) institutions with multiple available contractors for these services without the need to perform solicitations at the time of a crisis. Having contractors in place that were established by a public solicitation enables affected institutions to potentially qualify for reimbursement from the Federal Emergency Management Agency (FEMA). Because this is an indefinite quantity solicitation, the value of the solicitation cannot be determined.

At the October 20, 2020, meeting, the Board approved the recommendation to award the RFP to three vendors: Belfor USA Group, Inc., Cotton Commercial USA, Inc., and ProConstruction, LLC, d/b/a Complete DKI. After negotiations with each firm, the final agreements are presented for approval.

Amendment #1 to the Agreement for Sponsorship and Snack Vending with Compass Group USA, Inc. through its Canteen Vending Services Division

209.211, 20-21

This amendment to the Agreement for Sponsorship and Snack Vending with Compass Group USA, Inc. through its Canteen Vending Services Division will extend the College's contract with Compass through June 30, 2026, and add a clause concerning the E-Verify system. The E-Verify clause will require Compass to register with and use the E-Verify system to verify work authorization status of all newly hired employees and meet other related statutory requirements under Florida Statute 448.095.

Additionally, the amendment permits Compass to raise prices on existing product categories by up to 25 cents effective July 1, 2021, and by up to an additional 25 cents effective July 1, 2024. The amendment requires that vending prices otherwise remain constant.

Compass was selected following a solicitation process in 2016 and has performed well and met all contractual obligations through its first term. As part of the agreement, Compass pays the College a 22.5% commission on sales, with a guarantee of at least \$25,000 in commissions. The College will re-solicit for these services prior to the new expiration date.

Amended Face Covering (Mask) Protocol (Due to the COVID-19
Pandemic)

400.687, 20-21

In response to the COVID-19 pandemic, the Board approved a Face Covering (Mask) Protocol at its July 21, 2020, meeting. Conditions related to the pandemic are improving and recommendations from government authorities concerning face coverings (face masks) are evolving at a faster pace; accordingly, the Board authorizes the President to amend this protocol from time to time without further review by the Board.

Testing Center Service Agreement with Prov, Incorporated

408.2542, 20-21

The College has had a testing agreement in place with Prov, Incorporated since 2018. Prov administers online construction trade exams for those who want to become licensed or certified in this field and maintains membership in both the National College Testing Association (NCTA) and the Florida Association of College Test Administrators (FACTA). By having a testing site at SF, students and other local residents will be able to complete their required assessments close to home, saving time and money.

This new agreement with Prov will give Santa Fe College students a \$20 discount for each exam taken through the company at SF, and the College will be paid \$20 per exam for non-SF students. The agreement will begin on April 21, 2021, and will automatically renew for one-year terms unless either party terminates the agreement as provided.

Discussion: Dr. Broadie clarified a minor discrepancy in the summary for agenda item 8.9: Santa Fe College Food Pantry and ShareWear Grant. The summary page indicates there are no matching funds from SF, but the supporting documentation for this item correctly notes the College will contribute \$2,200 to the project.

Dr. Broadie continued by discussing item 8.1: Testing Center Service Agreement with Prov, Incorporated. He pointed out that SF has been using Prov's services for a number of years and Ms. Page Jerzak, Assistant Vice President for Academic Technologies, recently worked with Prov on the terms of a new agreement that now will allow students to save \$20 on each exam taken. Dr. Broadie thanked Ms. Jerzak for arranging significant savings for SF's students. Concerning item 8.2: Memorandum of Understanding for Implementation of a Peer Support Program with the City of Gainesville Police Department (GPD), the Alachua County Sheriff's Office, the City of Alachua Police Department, the City of High Springs Police Department, the University of Florida Police Department, and the Santa Fe College Police Department, the President noted that this cooperative agreement will provide mental health training and support for SF's officers regarding the unique issues they face in policing. Dr. Broadie thanked Mr. Chuck Clemons, Vice President for Advancement, SFPD Chief Ed Book, and GPD for making this important project happen.

Dr. Broadie asked Dr. Cheryl Calhoun, Dean for Access and Inclusion, to review the three grants presented that she was responsible for bringing to fruition with the Center for Innovation and Economic Development (CIED), the GRRATE Program, and the College for Kids Program. Dr. Calhoun reviewed each program and noted that these grant submissions will provide access to continuing and community education for individuals and businesses who would otherwise have difficulty affording the registration

fees and/or other related costs. The Board expressed their appreciation to Dr. Calhoun for all of her hard work assisting with these items.

Chair Fletcher announced his plan to abstain from voting on agenda item 8.7.

Memorandum of Understanding for Implementation of a Peer Support Program with the City of Gainesville Police Department, the Alachua County Sheriff's Office, the City of Alachua Police Department, the City of High Springs Police Department, the University of Florida Police Department, and the Santa Fe College Police Department

408.2543, 20-21

This Memorandum of Understanding (MOU) proposed by the Gainesville Police Department (GPD) and in coordination with other local law enforcement agencies will create a Multi-Jurisdiction Law Enforcement Mental Health and Wellness Peer Support Program (PSP). GPD was awarded a Department of Justice Office of Community Policing grant to implement the PSP and train participating sworn and non-sworn agency personnel in mental health and wellness peer-to-peer support best practices. Training will seek to break down the stigma surrounding mental health struggles in policing, promote awareness that law enforcement officers are not alone when dealing with mental health issues, and allow participants to gain a better understanding about the stressors, issues, and concerns that they and many other officers face. Team members will act as peer support when any member is in need, allowing members who want to speak to someone in the field in an informal setting the opportunity to do so, while not seeking to replace experts or licensed mental health counselors. There is no cost to Santa Fe College for the professional development offered by this cooperative endeavor. The MOU will be effective from the date of last signature and will continue through September 30, 2022.

Termination of the Agreement with the University of Florida College of Dentistry for the Administration of Dental Programs

408.2546, 20-21

The financial arrangement between the University of Florida College of Dentistry and Santa Fe College under which UF provides a licensed and qualified professional to act as the Director of SF's Dental Assisting and Dental Hygiene Programs and a clinical assistant professor to teach dental curriculum to SF students and provide coverage in SF's dental clinic is being dissolved by mutual agreement. Santa Fe College is re-establishing these positions as part of Santa Fe College's staff, and the College will no longer be obligated to pay UF \$260,655 annually for these two positions. The clinical relationship between SF and UF remains unchanged with respect to student training.

BBVA Foundation – Center for Innovation and Economic
Development Grant

409.2315, 20-21

The purpose of this project is to provide support for three minority-founded businesses for one year in the Center for Innovation and Economic Development (CIED) small business incubator. Services of the CIED include full access to a collaborative workspace with internet, an official business address, a receptionist, access to a copier/printer, weekly peer group meetings, workshops, and one-on-one meetings with subject matter experts to support concept and business plan development. At the end of the year, participating companies will be better prepared for success with a strong network of small business founders, entrepreneurs, and subject matter experts for ongoing collaboration and support. Companies will have also developed a written business plan including business concepts, programs and services, marketing tactics, and financial projections.

The amount of funds requested from the BBVA Foundation Group is \$5,000, with no matching funds from Santa Fe College.

Duration of this project is July 1, 2021, through June 30, 2022.

Operating budget impact: None.

Capital City Bank – GRRATE Summer Camp Grant

409.2316, 20-21

The GRRATE (Guitar, Robotics, and Rocketry Advanced Technical Education) Program, funded by the National Science Foundation, aims to enhance Bradford County students' mastery of crucial science, technology, engineering, and mathematics (STEM) skills by supplementing instruction in math and science and introducing participants to careers in STEM.

In collaboration with Santa Fe College's Andrews and Watson Centers and the GRRATE Program, SF will host a two-week summer camp at these Centers to allow students the opportunity to be involved in unique STEM-focused activities, similar to the standing semester-long GRRATE course. The camp's project-based experiential learning activities in guitar making, rocketry, and robotics will expose the summer students to STEM principles used to develop STEM proficiencies and participants will partake in an end-of-the-summer field trip to either the CADE Museum, the SF College Teaching Zoo, or the Kika Silva Pla Planetarium.

The amount of funds requested from the Capital City Bank Group Foundation is \$22,169, with no matching funds from Santa Fe College.

Duration of this project is June 1, 2021, through September 30, 2021.

Children's Trust of Alachua County Grant

409.2317, 20-21

Funds from this grant will be used to provide 78 scholarships for the SF College for Kids (CFK) summer camp, which may cover enrollment fees, expenses related to necessary camp materials, and transportation costs. CFK exposes students aged 10 – 14 to the college environment and offers challenging, fun, hands-on learning experiences to promote critical thinking and the desire for lifelong learning. This year's camps will be offered from July 12 – 30, 2021.

The amount of funds requested from the Children's Trust of Alachua County is \$30,203, with no matching funds from Santa Fe College.

Duration of this project is May 19, 2021, through September 1, 2021.

Operating budget impact: None.

Santa Fe College Food Pantry and ShareWear Grant

409.2318, 20-21

Funding from this grant will be used to renovate, expand, and reorganize the Santa Fe College Food Pantry and refurbish and update Santa Fe College's ShareWear space, as the current facilities are lacking in size and resources. The Food Pantry and ShareWear store provide for basic humanitarian and emergency needs including food, clothing, and toiletries at no or low cost to members of the College and surrounding community.

The amount of funds requested from the Rotary Club of Downtown Gainesville is \$29,056, with no matching funds from Santa Fe College.

Duration of this project is October 1, 2021, through February 28, 2022.

Operating budget impact: None.

Santa Fe College Foundation Liaison Update and Board Members' Remarks

Discussion: Reporting for the Santa Fe College Foundation, Trustee Lee announced that since the last report in April, the SF Foundation has received contributions totaling \$17,825 to establish or complete endowment funds, which include scholarships and program enhancements. Trustee Lee shared that the Scholarship Committee also recently approved 669 scholarships valued at \$1,626,231 for the 2021-2022 academic year.

In closing, Chair Fletcher commended Dr. Bonahue on his years of service to Santa Fe College and added that he would be greatly missed. Dr. Bonahue thanked Chair Fletcher and the Board for the many opportunities they provided him and said even though he was sad to be leaving, he was looking forward to becoming the next President of Suffolk County Community College.
