

College For Kids Program

College for Kids (CFK) at Santa Fe College (SF) is a fun, learning-filled summer experience for children who are 10–14 years of age and rising 5th - 9th grade students. Use the section numbers provided in the course grid to create your schedule. When registering, carefully choose the correct dates, times and course numbers for each section. Choose 6 classes for a full day. Choose 3 classes for a 1/2 day (3 morning or 3 afternoon sessions). **No single class registrations allowed.**

Registration Information

Registration begins April 12. Pay with Visa, MasterCard, Discover, or American Express either online or by phone. Pay with credit card, cash or check if you register in the office. You will register for each class and t-shirts using course numbers.

Here's how you can register:

- Online: www.sfcollege.edu/cied/communityed/ (click on College For Kids).
- Call 352-395-5193.
- Drop by our office at **SF-CIED, 530 W. University Avenue.** Hours are 8 a.m.–4:30 p.m., Monday thru Friday.

Registration Deadlines - Session 1: June 29 | Session II: July 13.

Student Rules

SF will be in session during CFK and all CFK students are required to follow the rules expected of SF students. You will participate in class, act in a disciplined manner, and follow faculty instructions. A contract of understanding will be signed by the student and parent/guardian. One infraction will generate a warning. At the second infraction, the child will be expelled from the CFK program, without a refund.

CFK Office

College For Kids is held at SF's NW Campus. The CFK office is located in Building HA, Room 123 and is open only during the CFK program: July 10 through Aug. 3.

Meals

A lunch option has been created just for College for Kids. Students with the lunch option choose from Subway or Dominos. The cost for this lunch option is \$50 per session. You may bring your lunch/drink or purchase a drink from the vending machines. Please be sure to add the lunch option with the correct section number.

Tuition

Full day — \$348 (includes lab fees and t-shirts)
Half day — \$174 (includes lab fees and t-shirts)
Full Lunch, 8 meals — \$50

Student Handbook, Orientation, T-Shirts

- Students will receive their student handbook and forms in the mail in mid June.
- Orientation is for NEW students and parents.
- Orientation is June 24 in Bldg. E-Auditorium at 10 a.m.
- 3 T-shirts will be given to each student and must be worn every day for safety and identification purposes.
- T-shirts may be picked up at orientation on June 24, or from June 26 to June 28 in HA-123 between 12 p.m. and 4 p.m. Additional T-shirts are available for \$8 each.

Transportation

Parents or legal guardians are responsible for student transportation to and from the NW campus.

Morning drop-off and afternoon only campers—in front of S Building

- Students may be dropped off beginning at 7:45 a.m. and **must arrive by 8 a.m.**
- Morning only students must be picked up by 12:30 p.m.
- Afternoon only students must arrive no later than 1 p.m.

End of day pickup—in front of H Building

- Due to safety concerns, parents must park their cars in lot outside of H building and walk to pick up their children.
- Cars will not be allowed to line up and wait for their child's dismissal.
- All students must be picked up by no later than 5:45 p.m. If student is not picked up by 5:45 p.m., there will be a \$15 charge assessed after 5:45 p.m.

Santa Fe College is committed to an environment that embraces diversity, respects the rights of all individuals, is open and accessible, and is free of harassment and discrimination based on, but not limited to, ethnicity, race, creed, color, religion, age, disability, sex, marital status, national origin, genetic information, political opinions or affiliations, and veteran status in all its programs, activities and employment. EA/EO notice. Inquiries regarding non-discrimination policies should be directed to: Lela Frye, Equal Access/Equal Opportunity Coordinator, 3000 NW 83rd Street, R-Annex, Room 105, Gainesville Florida 32606, 352-395-5420, lela.frye@sfcollege.edu.

General Information

Choose 6 classes for a full day. Choose 3 classes for a 1/2 day (3 morning or 3 afternoon sessions). Choose only 1 class per time block. Be sure to select your child's T-shirt size when registering. A full refund may be requested until June 29 for Session I, and July 13 for Session II. After that date, a petition for refund must be made.

Registration Form: Please create a student ID number. You can use any combination of 8 letters and/or numbers. This will now be your child's Student ID.

Student ID#	Child's First Name	Child's Last Name	MI	Race: White <input type="checkbox"/>	African American <input type="checkbox"/>

Course Catalog

3D PRINTING - Explore the new and exciting world of 3D printing. Work together in groups to engineer new ways to build everyday structures such as bridges, towers, and catapults! Learn to design, prepare and print 3D creations.

ALL ABOUT ART - Explore art using different media and techniques in this fun class!

ALL ABOUT CRAFTS - Students will learn the basics of various crafts such as jewelry making, crochet, decoupage, and much more, all while having fun!

ALL ABOUT DANCE - Students will learn the basics of dance styles such as salsa, jazz, hip hop, and much more, all while having fun! Every day is about a different dance.

ALL ABOUT SPORTS - Everyday is about a different sport. Find out which sport is for you or just do it...sign up and get challenged. Comfortable clothing and athletic shoes required.

AROUND AFRICA IN 8 DAYS - This program introduces the basics of African culture thru Swahili language, songs, dances, music, fables, short movies, e-safaris, clothing, etc.

AROUND THE WORLD IN 8 DAYS - Curious about what life is like for students around the world? This class explores customs, foods, and music from other countries.

ASTRONOMER TRAINING - Learn about telescopes, the night sky and the cosmos. Curriculum will include visits to the Planetarium as well as telescope use (weather permitting). This is a beginner's class.

BABYSITTING SURVIVAL SKILLS - Create your babysitting survival kit with games, an emergency action plan, and neighborhood advising. Become the best babysitter on the block!

BALLET - Students will be introduced to basic ballet movement. Ballet as an art form will be analyzed and discussed through a study of its history, choreographers, and dances.

BASKETBALL - Learn to dribble, pass, and shoot, working as a team to score big!

BEING BRAINY - Discover the satisfaction you feel when you use your brain to solve life's many problems. Have fun solving all different kinds of puzzles: word, math, patterns, and jigsaw, just to name a few!

BEGINNER CROCHET - Crochet is an art that uses a hook, yarn, and loops to create items from as simple as a coaster to as elaborate as a large blanket.

BLACK BOX CHALLENGE: HACKWARTS - Using LittleBits, a platform of easy-to-use electronic building blocks that empower you to invent anything, students will tackle a surprise challenge each day as they learn how to solve larger than life problems from the Wizarding world.

BUILD IT: FAMOUS BUILDINGS - Using a variety of mediums you will build models of different famous buildings such as the Eiffel Tower , Notre Dame, and Big Ben.

CARTOONING - Learn to create dynamic cartoon characters, backgrounds, and storylines. You will learn how to draw characters that have expression and movement. You will also produce several cartoon scenes and develop your own characters as well as create a class comic book. (This is a drawing class, not a computer class)

CRAZY FOR CLAY - In this course, you will create miniatures, functional items and wild 3-D sculptures. Explore working with different kinds of clay and found objects to create pieces that will wow your family.

CREATE FROM SCRATCH@ - With a strong emphasis on art, design and music, students will create an interactive story while using the programming language Scratch@.

CREATIVE WRITING, CLEVER LAYOUT - Express yourself through writing fiction. Students will learn how to design a comic book page in Adobe InDesign to make their own ideas come to life.

CSI: MYSTERY OF THE SEA - Discover how scientists are using forensics to solve crimes in the deep sea. Learn about DNA, chromatography, and other hands on activities.

CURIOSITY OF CHEMISTRY - Enjoy the magic of chemistry by exploring its colorful, loud, fun and explosive aspects.

DIGITAL SCRAPBOOKING - Learn Photoshop and editing techniques to show off your favorite photos and memories through photographic journaling. Bring a flash drive with your favorite photos.

DRAWING FROM OBSERVATION - Learn how to capture the human form in motion, train your brain and hand to work together to draw what you actually see.

FACE TO FACE - Equip kids with skills and confidence to comfortably speak to a crowd! Learn verbal and non-verbal communication components and fine tune composition.

FENCING - Learn the reflexes and timing of a boxer, the muscle tone of a gymnast and the strategic abilities of a chess master.

FREE YOUR VOICE - This course will teach you the fundamentals of vocal techniques that will prepare you to "wow" audiences.

FUN WITH PHYSICS - Come learn about how we utilize speed, gravity, mass, and velocity every single day. Students will participate in labs, and take part in hands on physics activities to help them understand how we utilize these properties.

GREEK MYTHOLOGY - Learn about the body of myths and legends belonging to the ancient Greeks.

GROSS ANATOMY - Investigate what lies under the surface of different organisms, while comparing what you learn to our human anatomy. There will be dissection of organisms (grasshoppers, earthworms, frogs, squids, and rats) and organs (hearts, lungs and brains).

GUITAR - Learn detailed technique instruction, and an understanding of basic music. You will be able to build chords, read sheet music and guitar tablature.

ILLUSTRATE WITH ILLUSTRATOR - Master the powerful pen tool and you will be able to draw anything and turn it into digital form. Some knowledge of Adobe Photoshop is recommended. Please bring a flash drive.

IMPROV ACTING - Learn how to act, no lines, no rehearsal, just fun. You will play different games to perfect your techniques, connect with others and have a good time.

JAZZ DANCE - Do you want to learn the latest dance steps? Come and get your groove on!
