Grades

Instructors shall have the responsibility and authority to determine grades. Grades and grade point values are as follows:

<u>Passing Grade</u>		<u>Grade Points</u>
A	Superior Achievement	4
B+		3.5
B	Good Achievement	3
C+		2.5
C	Satisfactory Achievement	2

Failing Grades

F	Failure	0
XF*	Failure – Academic Misconduct	0

Non-Punitive Symbols - No Grade Points

X	Audit
W**	Withdrawal
I***	Incomplete

* The "XF" grade is a failing grade that indicates academic misconduct. This grade may be assigned as a sanction by the student conduct officer as an outcome of a student conduct process with a finding of academic misconduct.

** Special Provisions Relating to "W" Symbol: A "W" symbol may be assigned at the discretion of an instructor when a student fails to attend the course in accordance with the absentee policy of said course. The provisions of this rule are subject to all requirements of FAC Rule 6A-14.0301.

*** Special Provisions Relating to "I" Grade: This grade should be applied only to those students who have achieved significant progress toward completion of course requirements.

An "I" that is not changed through completion of the course will automatically be converted to "F" at the close of the next major term following the issuance of the grade. Fall term and spring term shall be considered major terms.

Change of Grade or Symbol

Grade or symbol changes shall not be made after one year following the end of the semester in which the course was taken, except in cases of College error or administrative approval.

Grades in Adult Education

The Santa Fe College Adult Education Program serves students striving to improve their basic literacy skills (Adult Basic Education, ABE), earn a high school diploma by passing the tests of General Educational Development (GED), and/or improve their basic English speaking, listening, reading and writing skills (ESOL). The program follows an open/entry-open/exit format (space permitting), and students may enroll for many semesters, depending on the time needed to meet their goals. Enrollment shall be limited to three years cumulatively, except for unusual cases explicitly recommended and documented by the Adult Education program for approval by the Provost.

Because of the varied academic levels of the Adult Education student population, the grades of P (Pass) and F (Fail) will be used in this program. The grade of P will be assigned when students are attending, participating in class and lab activities, and making strides toward program goals. The grade of F will be assigned when students do not participate meaningfully in their academic program or make progress toward program goals.

Special Provision for S/U Grades during National or State Emergencies

To support student retention and persistence during a declared national or state emergency, the District Board of Trustees authorizes the President to adopt academically non-punitive grades of S (Satisfactory performance) and U (Unsatisfactory) as an alternative to traditional letter grades. The College should provide adequate notice and guidance to students regarding the parameters and consequences of selecting this option. This option is intended to apply not only to the novel coronavirus (COVID-19) pandemic but also may be applied during future national or state declared emergencies.
